The Women's club was happy to sponsor the Pancake Breakfast on Sunday January 25, 2015. We served pancakes, sausage, scrambled eggs and beverages to many hungry Bay Laker Residents. It was a treat for all to be served their beverages and enjoy all they could eat pancakes. While dining our Bay Lake family enjoyed good food and fellowship. As always it was nice to see our friends having such a nice morning.

We had a dedicated and fun group of volunteers. The majority of the committee included women's club members who worked out on the floor. We send a special thanks to a few gentlemen that worked in the kitchen. The kitchen crew consisted of: Ron Suit, Ken Havens, Joe Conley and Dave Baumgartner.

## **FROM THE MANAGER**

*Leslee Jones*

I have just a couple of reminders this month. Please make sure that I have your correct phone number.

Remember that we use a calling system for any notifications that you should be aware of such as boil water notices or emergencies. The next thing I would like to remind everyone about is parking. It seems that this has been written about many times, but we continue to have a growing problem. There is no parking on the grass or on empty lots. This includes contractors that are working at your home.

Overflow parking is at the clubhouse or the office. Starting this month you will receive a parking violation sticker on the window of your vehicle. I will give one courtesy call to you and if the vehicle is not removed it will be towed at your expense. This is a last resort as we have many violators in the community mostly at night or on the weekends. Remember that if you think I won't know – I will. My phone rings all the time with complaints of some nature. This is another good reason to make sure that I have your correct phone number.

Our "Home of the Month" award for December went to 137 Camellia Street, January went to 48 Orange Blossom and February went

to 59 Hyacinth! They have all received their \$50 gift cards! Make sure that you take a ride by these homes. To date Bay Lake has given \$2450 in Home of the Month awards! Good luck to next month's winner!

Until next month!

## **ST PATRICK'S DINNER**

There will be a corned beef and cabbage dinner in the clubhouse on Sunday, March 15, 2015, at 5:00 P.M. to celebrate St. Patrick's Day.

The cost will be \$8.00 for residents and renters and \$10.00 for guests. Tickets will be sold at the Saturday morning coffees and at Bingo. The last day to purchase tickets for this dinner is Monday, March 9, 2015. If you have any questions, please call Connie Conley at 412-3444.

## **COMPUTER CLINIC**

*by Steve Rollison*

### **“This PUP Ain’t Cute”**

In computer lingo a PUP is a “Potentially Unwanted Program.” Any program is potentially unwanted when it is installed without your knowledge and consent. The question is “How did they get installed without my knowledge?”

First, you may have selected a fake download option on one of the download

portals. Websites like Filehippo.com, Download.com and many others allow you to download free, high-quality software like, for example, IrfanView, a wonderful, free program to edit photographs.

On Filehippo.com you will see a brief description of IrfanView, and right next to it a large “Download” button. The problem is, that button downloads Search Conduit, a program that changes your home page and displays tons of ads. If you aren’t paying attention and just install the software you unintentionally downloaded, you will indeed have something “unwanted” on your computer.

Another way you can put a PUP on your computer is by using the “express install” option for programs you download. For example, the express install option for KMPlayer – a highly regarded, free multi-media player – changes your home page and default search engine to Yahoo.

To avoid that problem, whenever you’re putting new software on your computer always use the “custom” install option, and pay careful attention to the option check boxes that are preselected.

Virtually every computer we work on at the Computer Clinic has at least one PUP. Sometimes there are many. (Clinics are free, every Wednesday from 1:00 p.m. until 3:00 p.m.) This brief article is intended to just introduce you to the threat of PUPs. To learn more, do a Google search for “how to avoid pups.” One of the best articles found is on blog. emsisoft.com.

# HYPE or Reality?

**Blair Post HAS, BC-HIS, ACA**  
Board Certified Hearing Instrument Sciences  
American Conference of Audioprosthology

In the beginning of this month I was back in training with another manufacturer. They are training me on their new product line. Changes in product lines are made to alter how sounds are prioritized and processed within the chip platform selected for hearing aids.

The new sound quality will have an emphasis on speech priority and a broader music sound.

As with all of our hearing aids, each manufacturer has a sound quality difference. Some people prefer the smoother sounds from manufacturer R, others prefer crisp sounds from manufacturer O.

I won't know until after the training how these new changes affects the quality of the sound.

The manufacturer of this aid has this HYPE... automatically makes speech clearer and listening easier, no matter where your day takes you.

Whether the HYPE is accurate or not, I don't know. What I can do is offer you a chance to experience this new technology platform. I need feedback from you to determine if the quality of the new sound lives up to the hype.

If you would be willing to provide me your feedback, call Cindy, 244-9300 to set a Demo Appointment.

## SNAPPY COMEBACKS

At one time or another, we've all been victims of insults that leave us fuming without an appropriate reply. Would that we could have been as quick-witted as these individuals:

- An actress to actress/writer Ilka Chase: "I enjoyed your book. Who wrote it for you?"  
Chase: "I'm so glad you liked it. Who read it to you?"
- Playwright George Bernard Shaw to his wife: "Isn't it true, my dear, that male judgment is superior to female judgment?"  
Charlotte Shaw: "Of course, dear. After all, you married me—and I you."
- Poet Lewis Morris to writer Oscar Wilde: "There's a conspiracy against me, a conspiracy of silence, but what can one do? What should I do?"  
Wilde: "Join it."
- Member of Parliament to Winston Churchill: "Mr. Churchill, must you fall asleep while I'm speaking?"  
Churchill: "No, it's purely voluntary."
- Playwright Noel Coward to writer Edna Ferber (who was wearing a tailored suit at the time): "You look almost like a man."  
Ferber: "So do you."

## CHEMISTRY AND HUMOR: A DANGEROUS MIXTURE?

You don't have to be a scientific genius to get a laugh from these jokes, but a little knowledge of physics and chemistry will help:

- Never trust atoms—they make up everything.

- What do you do with a bunch of dead chemists? Barium.
- What's the first rule of chemistry? Don't lick the spoon.
- The optimist sees the glass half full. The pessimist sees the glass half empty. The chemist sees the glass completely full, half in the liquid state and half in the vapor state.
