DOG TRAINING

Barb Hickey

Dates to Remember:

- April 1 April Fools Day
- April 2 Spring Fling
- April 11 Juliets
- April 13 Newsletter Article Due
- April 15 Manager's Party

We've had another successful year of dog training. The enjoyment I get from training is monumental. It amazes me on how fast the dogs respond to the various techniques ie. training and socialization. Not only do the dogs enjoy it, the owners as well.

Training is an ongoing procedure and the owners welcome any hints they can use on a daily basis in reinforcing what their pets have learned.

I would like to take this opportunity to thank Jack and Carla Hannay for the donation of their utility trailer for the express use of all the materials used in the training and dog show. This has helped with the storage problem and set-up. A big thank you also goes out to Randy, Ron and Joe for all their hard work in rehabbing the trailer.

To all the pet owners who worked so hard with their pets, I look forward to working with you next year.....keep up the good work, and I'll see you in the Fall.

FROM THE MANAGER

Leslee Jones

Get ready for road work coming in April. All of Gardenia and the short ends of Lily and Carissa will be paved. The parking lots will also be paved and re-stripped.

The date for the 6th annual Manager's Resident Appreciation Party has **changed** to Friday April 15th. The party is free however there will be a sign up sheet at the clubhouse. The last day for sign-up is Tuesday April 12th!

Our "Home of the Month" award for March went to 112 Lily Street. They have received their \$50 gift card! Make sure that you take a ride by this home. Good luck to next month's winner!

Until next month!

FROM THE PRESIDENT

Carla Hannay

REMINDERS:

Since we're getting close to some of our residents prepping to return to the Great White North, please remember to complete a **Departure Form** in the office. Make sure you list who will be tending to your yard, and who you would allow to park in your driveway, etc.

Additionally, the **lot rents will be increasing on January 1, 2017 by 3 3/4%**. This will finalize our last agreement with ELS of a 3 Year Long Term Agreement which took place on January 1, 2015.

As I stated in the March Newsletter, my congratulations to Jane Ann Miller and her Committee. They did an excellent job for the Valentine's Dinner/Dance.

Next of course, for the month of March was the St. Patrick's Day Party, headed by Connie Conley and her committee, and the Annual Beach Party headed by Sylvia Richardson and crew. Also to Barb Ludwig and Diane Steare for

Co-hosting the last Women's Club Luncheon for the season. All did an outstanding job.

KUDOS go out to all the Chairperson(s) who stepped up to the plate this past season for the excellent job they did in planning and executing events for your enjoyment.

As for next season, I met with the Board at the end of March and we looked over this year's events, ie. attendance, food costs, decorations, entertainment, etc. We are in discussion as to dropping some of these events due to a lack of interest. I would ask anyone who has the desire to keep certain events or suggest something different to advise me. You can contact me at 484-1371 with your choices.

Additionally I have been informed by our new librarian that she will no longer be able to complete her duties due to medical issues. If anyone would like to take on this responsibility please contact me at 484-1371.

If you are having a problem with the copier,

My Inherited Passion

Blair Post HAS, BC-HIS, ACA

Board Certified Hearing Instrument Sciences
American Conference of Audioprosthology

I have many memories from my early childhood of talking into my Grandpa's pocket, so his body-aid would pick up my voice. Both my grandfather, Howard and my Mom, MaryEllen, were profoundly hard of hearing.

My Mom's hearing was due to surgical procedure. She had been wearing hearing aids for years before I came into the industry 14 years ago. The first time I fit her with aids she was startled by how much better she heard. I knew the technology had not improved dramatically so it wasn't until I realized she had been using moderate technology levels. That experience showed me how much it had cost her in connecting with others and being part of the group by wearing aids not fit for her busy lifestyle.

She didn't have to buy a moderate set, I just don't think she knew how much benefit and ease of listening a higher level of technology would provide for her challenging hearing and busy lifestyle.

I do understand that there are times when you have to compromise due to financial strains. If you have to compromise do so knowingly. Be aware of what you are choosing between.

Having my life, my family so directly affected by hearing loss I am truly passionate about helping others hear their best. I lived in a family that had frustrations that occurred from not hearing someone or frequent misunderstandings.

I help people with a hearing loss participate in their family moments. I have sought out additional training to ensure I have the ability to help.

Call for a free evaluation and you can try a personalized fitted set of hearing aids with no obligation, no contract, no fine print. Call Cindy, 244-9300, ask for a free test and demo appointment.

Google Fun and Useful Tricks

You can find out anything you want to know by doing a Google search. Well, almost. But you can do tons of cool things with Google, too, as evidenced by the following.

Play “Atari Breakout.” You remember this early, early video game—right? Go to Google Images (images.google.com) and type Atari Breakout in the search box. Use the left and right arrow keys to move the paddle.

Play PacMan. Do a regular Google search for Pacman and click the pop-up where it says “Click to Play.” Control PacMan’s movements with the up, down, left and right keys. (They weren’t terribly responsive on my computer, but the retro game was still fun to play.)

Convert Currencies. Converting back and forth between dollars and other currencies might be particularly useful if you’re travelling. That’s easy to do by simply running a Google search on your smart phone—and it’s even easier if you use voice input. Just type (or say), for example, 35 Mexican pesos to U.S. dollars, or 100 U.S. dollars to Canadian dollars.

Convert Quantities from One Unit to Another. Another good smart phone Google search capability. Recently I needed to take a “5 milliliter” dose of cough syrup. Our neighbors to the far north might have something in their kitchens to measure that out, but I needed to Google search for 5 milliliters to teaspoons to determine I needed to take “1.014 U.S. teaspoons” of medicine. (I just rounded it down to 1—I guess that was close enough!)

Get the Distance and Drive Time to Your Destination. My sister will be in Destin next month and asked how far that is from Nokomis. I could have fired up Google Maps or MapQuest, but it was faster to do a Google search for Nokomis to Destin to find out it is “7 hr 14 min (501.1 mi) via I-75 N and I-10 W.” (Because I had already configured Google Maps with the word “home,” I could even save a few keystrokes by searching instead for home to Destin.)

Get the Current Time Anywhere. Need to talk with your brother who lives in Hawaii but you can’t remember the time difference. It’s 11:15 a.m. in Nokomis, but you might want to wait a bit to phone him after doing a Google search for time in Honolulu. (It’s 6:15 a.m. there.) Shoot! Has the sun even come up yet in Honolulu? Nope. A sunrise in Honolulu search says it won’t be up for another 27 minutes (at 6:42 a.m.).
