FROM THE MANAGER

Leslee Jones

It can't get any hotter can it? This is crazy hot! Most of you have seen the new home activity in Bay Lake. We are so excited to have 6 new homes coming and 7 more to come. There has been a lot of inquiries about touring the homes from our residents. I am planning on having a progressive "Open House" for all of you as soon as all 6 are ready to tour. Keep your eyes on our in house channel 196 and signs in the clubhouse for the date.

Just a friendly reminder – I have had several of you tell me that there are residents riding their golf carts at night with no lights. Bad idea to ride or walk without some kind of light and light clothing. It would be terrible to have someone get hurt when this is something that is so easy to avoid. Remember also that it is illegal for a minor without a valid driver license to operate a golf cart – not to mention very dangerous.

Our "Home of the Month" award for April went to 111 Carissa Street, May went to 49 Orange Blossom Street, June went to 4 Flamboyant Street and July went to 11 Flamboyant Street. They have all received their \$50 gift cards! Make sure that you take a ride by these homes. Good luck to next month's winner!

Until next month!

JULIETS LUNCHEON

The Juliets will be at Howard's Restaurant in Englewood at 1:00 pm on Thursday, August 18, 2016.

All ladies are welcome to join us for lunch and fellowship. Please sign up on the sheet in the clubhouse. Location suggestions for future luncheons are always welcome. Questions call Joan Goering 941-485-7154 or

Carol Gilchrist 941-485-7043.

HELP HOSPITALIZED

VETERANS USA

There are craft kits available for Veterans.

The free Craft and Art kits are: number painting, moccasins, model cars, leather kits, etc.

You must have a VA card as proof of veteran. You are eligible to receive two kits.

- TIME: 9-12 • WHERE: Bay Lake Estates Mobile Home Park Club House WHEN: 2nd, 3rd and 4th Tuesday of every month.

BAY LAKER DELIVERY

Janice Van Dyke

Beginning May 1, 2016 through October the Bay Laker will be available at the clubhouse. We do not deliver it door to door in the off season as there aren't enough people to deliver it. Please be sure to stop by the clubhouse the beginning of each month to pick one up. I would like to thank Carol Gilchrist for organizing and delivering the newsletter to all those that deliver the newsletter for her. I would also like to thank everyone that delivers the newsletter door to door.

NEW RESIDENTS

The residents of Bay Lake Estates would like to welcome these new home owners to our family:

39 Orange Blossom - Jerry and Jane Shupp (moved from 182 Oleander).

176 Oleander - Alex Esber

196 Carissa - William and Sandra Doty

TOO RICH? TOO THIN?

The Computer Clinic by Steve Rollison

Wallis Simpson, Duchess of Windsor, is widely credited with having said “You can never be too rich or too thin.” Well, clearly a person can be too thin (a problem that no one in my family has ever had to deal with) but I guess in theory one could never be too rich.

“Too much of a good thing,” though, is an issue you hear raised every once in a while. “Steak for dinner every night would get pretty boring,” they say. “If you always had perfect weather you’d soon never appreciate a warm, sunny day or a cool, refreshing breeze.”

I think I already have “too much of a good thing” when it comes to the availability of software.

Last week I was teaching Susan how to play Sudoku—that game where you complete the puzzle so that every box, every row, and every column contains each of the digits 1 through 9 exactly once.

Simple puzzles are easy enough to solve with just pencil and paper, but the really challenging ones are more fun when you can use a program

LABOR DAY

Donna Reese

A luncheon is being planned for Labor Day, September 5th, at noon. A sign-up sheet will be available in the Clubhouse around August 1st. Be sure to save the date for a fun Labor Day celebration.

MEDICAL SHED

Donna & Jerry Loveless are back North for the summer. Keith and Diane Steare have offered to be in charge of the medical shed. It has wheelchairs, walkers, bicycles, toilet seats, bath seats, etc. Items you might need or can use if you have company with children. If you need anything, please call Diane 704-989-5227 or Keith 704-320-5391.

to help you keep track of the combinations that you've rejected along the way.

So after showing Susan the basic game strategy I went to the Google Play store to look for an app for her tablet. It took only a few seconds to find one. To find 230 of them, actually! And those were just the free ones. There were almost another two dozen Sudoku games for sale.

Too much of a good thing? Kind of. Rather than being happy that there was such a large selection, I found myself getting perturbed.

I was getting perturbed because it was taking forever to download, install and review, one at a time, all the really terrible quality apps at the Play store. Each app is "rated" by the users, but somehow the majority of apps seem to be rated at least a 4.3 on a 5.0 scale regardless of how good or bad they are.

Fortunately, I eventually found a handful of really good Sudoku games, so it was worth the effort in the end.

If I had it to do over again I would start by asking all my friends if they play Sudoku and if they know of any good apps. You might want to keep that concept in mind if you find yourself looking for some specialty software. By the way, if you want the names of some good Sudoku apps let me know!

Wrong Aid - Right Price

A couple, Fred and Ginger, were referred to me by their new neighbor, Glenn. Fred and Ginger had just relocated from up north. They came in for a consultation to get to know me and my office.

I opened with a common question, "how happy are you with your hearing aids?" They were never very happy with the hearing aids that they bought. They bought these hearing aids about 18 months ago, during a special pricing promotion from their northern dispenser.

Fred and Ginger had responded to a price ad for a specific aid from one manufacturer. They thought the price was reasonable and tried the hearing aids. The hearing aids were designed for a quiet lifestyle that only needed a limited technology level.

However, Fred's social life includes groups, family, travel, theatres, and dining out regularly. All of this adds up to a very demanding lifestyle.

I don't know if the dispenser up north knew enough to inquire about their current lifestyle and ask what they would like to be doing. Maybe their lifestyle was undergoing dramatic shifts, and the dispenser didn't ask what they would be involved in next year.

I do know that uncovering lifestyle habits and desires is the best foundation for selecting proper technology levels. These lifestyle issues are important to determine how much technology is necessary to hear conversations with clarity. Any aid will make sounds louder. Clarity is the key. The more complex the listening situations, the more technology is necessary to pull the speech from the noise to provide an easier listening experience.

Fred and Ginger tried the higher technology level hearing aids. During the trial, Fred said he was more relaxed and comfortable in social situations. He said he didn't strain to hear and wasn't as anxious about missing words in the conversation.

Reviewing your lifestyle and upcoming changes will ensure you are fitted with a proper level of technology to hear conversations clearly. If you want to review your lifestyle and proper technology levels required for ease of hearing, call my office, 244-9300.
