FROM THE MANAGER

Leslee Jones

WE ARE HAVING A “BONE YARD CLEANUP” DAY ON MONDAY MARCH 20TH!

Please plan on being there if you have anything stored there. We are trying to make more room for our residents and will have a crew there to help us out.

Our annual Manager’s Resident Appreciation Party will be held at 12 o’clock on March 31st in the clubhouse! The sign up sheet will be in the clubhouse on March 3rd. Last day to sign up will be March 22nd. This event is free and no tickets are needed. This year we have our own “Gummy Sharks” entertaining for us so don’t miss out. Keep tuned to channel 196 for more info.

Our capital projects are moving along for 2017. The asphalt paving project is scheduled for April. Additional street lights and the fence project are now approved and in the scheduling stage. Our new shuffleboard scoreboards are in and will be installed soon! Keep an eye on our in house channel 196 for more upcoming information.

Speaking of our in house channel – if you are in charge of a party or other activity make sure that you let me know and we’ll get it on the TV.

Our “Home of the Month” award for January went to 132 Camellia Street and February went to 50 Orange Blossom Street. They have received their \$50 gift cards! Make sure that you take a ride by these homes. Good luck to next month’s winner!

Dates to Remember:

FROM THE PRESIDENT

Carla Hannay

A “Meet and Greet” was held on January 21st, and I’m pleased to announce that it was successful. The attendance numbered 95 (with 7 new residents in attendance). I’m sure more of our new residents would have attended had it not been for prior commitments.

I look forward to next year’s event, and hopefully more of our new family will be able to attend.

KUDOS to Rosemary Baumgarner and her committees (Food, Decorating, Set-up/Tear-down) for a most successful Valentine’s Day Dinner/Dance.

Music was provided by the Goldtones, and they have already been booked for next year. They were Great! Tickets were sold out in a week. One hundred and twenty-one (121) people attended. Rave Reviews.

Our next big event for February of course was the Rummage Sale....along with plant sales, food booth and a bake sale sponsored by the Women’s Club we are hoping to top last year’s income. A report will be made at the March

HOA meeting. A BIG thank you goes out to all the residents in the Park that have donated their time for the set up and clean up for this event. To Rosemary and Dave Baumgarner you’ve done an outstanding job. Many thanks.

On a deeper note, I have been asked by several residents to set up a Seminar with the National Cremation Society to come to the Park to explain the details pertaining to this type of program. It would be especially advantageous for the seasonal owners/renters. If you are interested please contact me at 484-1371 so I may put your name on the current list. As soon as I have names of those wanting to attend I will

set the time and date for same for the month of March. THERE IS ABSOLUTELY NO OBLIGATION ON YOUR PART.....UNLESS YOU SO CHOOSE.

VALENTINES PARTY

Rosemary & Dave Baumgartner

I would like to thank Barb Hickey and all her cooks.

Thanks to all who helped set up, decorate and clean up after.

Thanks to all the donations from : Egg-Thaordinary,

Saltwater Cafe, Rib City, Capain Eddies Seafood, Bill Reese, Waterfronttoo, Green Apple Beauty Salon, Bogey's Sports Pub, Left Coast Seafood Company, Raylene Baugh, Carol Fisher, Trish Suit and Dave Baungartner.

A BIG Thanks You to the Goldtones for such an enjoyable night of entertainment. This is a great community we live in and there is always so much help when needed.

Thanks You Everyone.

NEW RESIDENTS

The residents of Bay Lake Estates would like to welcome these new home owners to our family:

Solutions Not a Sales Pitch

I have worn hearing aids for a number of years, on and off. I say on and off because it has been off more with my most recent pair purchased from another provider in Venice. I had an annoying problem with feedback, which neither they nor another local provider were able to correct or alleviate. Both told me I should consider newer, more advanced models, which they would be happy to sell me. Since mine were similar, I felt they were more interested in making a sale than helping me. As a result, they wound up in my dresser drawer (not an uncommon situation.) I decided to give it one more go. A friend referred me to Blair Post at Contemporary Hearing.

What they said couldn't be done, was done by Blair.

No sales pitch on newer models; just a willingness to listen to and work with me.

After testing my hearing, he patiently worked with me to make adjustments to the programming. He also refitted the aids with new leads and cones. The ones I had were not sized or fitted properly and caused much of the feedback.

I was given a follow up appointment the next week at which time Blair fine tuned the programming and changed out one of the cones for another size. These were simple, inexpensive solutions to a fixable problem. Although I was advised of charges ahead of time, no payment was collected until I was satisfied.

Although I found Blair to have an abundance of knowledge, patience and humor, his greatest attribute is INTEGRITY. He honestly wants to help. I would recommend Blair Post and Contemporary Hearing to any person desiring to improve their hearing.

THE CLUBHOUSE PRINTER

The Computer Clinic by Steve Rollison

The new Brother multi-function printer in the clubhouse was made available through a generous donation from Betty Davis. Thank you, Betty!

If you experience any kind of problem when using the machine please contact Steve Limkemann or Susan or me. Our phone numbers are posted near the monitor.

Do not call Leslee, "the office," Carla, or anyone else. They are unable to provide support.

If the display panel shows that toner is needed, the printer should continue to work for quite a while before the printing starts to get light. If you see "low toner" just be sure to call or send any of us an e-mail so we know to put in a new cartridge.

Making Copies

One of the functions of the Brother is making copies, but it is not engineered to handle large volumes of output. It's fine to use for making one or two copies on occasion. It's not okay to use to make flyers to cover the neighborhood offering a reward if Fluffy runs away!

Scanning Documents

The Brother can also scan documents to create computer files for archival or e-mailing purposes. If you need that see any of us and we'll be happy to help you.

JULIETS LUNCH BUNCH

The Juliets Lunch Bunch are going to LaPetite on East Venice Avenue on Thursday, March 23 at 1 pm. A sign up sheet is in the clubhouse.

Come and enjoy great food.

JULIETS BREAKFAST CLUB

Sylvia Richardson

The Juliets Breakfast Club is going to Perkins on Tuesday, March 21 at 9:30 am There is a sign up sheet in the clubhouse.

All ladies are welcome.

DO NOT STICK OUT YOUR TONGUE

by Steve Rollison

A BLE resident recently sent me an e-mail message she was very enthusiastic about. The gist of it was that a new test had been discovered that could help determine if a person were having a stroke. Simply have them stick out their tongue. If instead of going straight out their tongue goes to one side or the other, that is an indication of stroke.

I wish I could somehow make every person who has an e-mail account repeat every morning, "If I read it in an e-mail it probably is not true."

In this case, however, it **might** be fair to say the message could be a little bit true.

The stick-out-your-tongue advice might turn out to be valid. It is based on the results of a study funded by a grant from the American Stroke Association (ASA). However, as the ASA says in its official statement, even though the initial results of the study are positive, the organization has neither taken a position on the topic nor endorsed the test. That's because the results arose from a very small study.

For the time being, the ASA emphasizes that the reliable warning signs of a stroke are:

- Sudden numbness or weakness of the face, arm, or leg, especially on one side of the body.
- Sudden confusion, trouble speaking, or understanding.
- Sudden trouble seeing in one or both eyes.
- Sudden trouble walking, dizziness, loss of balance or coordination.
- Sudden, severe headache with no known cause.

The standby method to quickly assess several of these warning signs is the "FAST" acronym.

F Face Drooping

Does one side of the face droop or is it numb? Ask the person to smile. Is the person's smile uneven?

A Arm Weakness

Is one arm weak or numb? Ask the person to raise both arms. Does one arm drift downward?

S Speech Difficulty

Is speech slurred? Is the person unable to speak or hard to understand? Ask the person to repeat a simple sentence, like "The sky is blue." Is the sentence repeated correctly?

T Time to call 9-1-1

If someone shows any of these symptoms, even if the symptoms go away, call 9-1-1 and get the person to the hospital **immediately**. **Check the time** so you'll know when the symptoms first appeared.

If a stroke is involved, speed is essential in getting treatment. Clot-busting drugs can limit the effects of certain kinds of strokes, but in order to work they must be administered within three hours of the onset of symptoms.

The American Stroke Association's website is www.strokeassociation.org.

EUCHRE

Euchre will be played at Bay Lake Estates on

Friday evenings at 7:00 P.M..

There is a sign-up sheet in the clubhouse, and there will be a new one posted each week during this season. If you have any questions, please contact Jane Hodson at 812-371-3692.

DUST OFF THOSE DANCIN' SHOES

Line dance officially starts on Monday, November 7th at 9:30 am in the Club House.

Not All Roofers Are Created Equal!

When choosing a business to do work on your home it is important to consider all the factors. Sometimes the cheapest option is not the best. Keep these tips in mind the next time you choose a service provider, especially a roofer.

How Many Years in Business?

This demonstrates expertise in the field. If a warranty is involved it shows the company's ability to stand behind it. If a company has been around for a long time, it is probably for a good reason.

Who Is Doing the Actual Work?

Does the company use subcontractors or their own employees? Employees tend to be more reliable because the business owner holds them accountable day-to-day versus subcontractors who can come and go.

Consider More Than The Price!

A roof is a durable product meant to last for years. When it comes to durable goods for your home like roofs, air conditioners, windows, etc. who installs them can be an important factor. Remember the old adage "Good work isn't cheap...Cheap work isn't good..."
