SPECIAL EVENTS

CRUISIN' WITH THE GOLDTONES

by Steve Rollison

If you attended this year's Valentine's Day dance you were introduced to Florida's hottest doo-wop group, The Goldtones. They were so well received that they were immediately booked for a repeat performance at the clubhouse next year.

Rather than wait a whole year before seeing and hearing them again, a group of us hopped on board their 8-night Caribbean cruise on March 4th. Mike and Bert Beauchemin; Trish and Ron Suit; Jan, Herb, Sherry and youngest sister Pat Van Dyke; and Susan (Van Dyke) Rollison and I set sail on board the Royal Caribbean's Freedom of the Seas from Fort Lauderdale along with 150 other Goldtones fans.

High winds and huge waves couldn't diminish our enthusiasm for the music as we were treated to four 1-hour shows. Since we had last seen them, they had added more than a half-dozen songs to their repertoire, and had released a new album.

They had also finalized plans for a 2018 cruise, and most of us secured early-commitment discounts by putting down small deposits for the "ABC Islands Cruise" – Aruba, Bonaire and Curacao. The Royal Caribbean's Navigator of the Seas departs Miami on March 2, 2018 for the 9-night trip. Allaboardtravel.com packages start at \$929. If you call, be sure to mention you're with the Bay Lake group.

Solutions Not a Sales Pitch

I have worn hearing aids for a number of years, on and off. I say on and off because it has been off more with my most recent pair purchased from another provider in Venice. I had an annoying problem with feedback, which neither they nor another local provider were able to correct or alleviate. Both told me I should consider newer, more advanced models, which they would be happy to sell me. Since mine were similar, I felt they were more interested in making a sale than helping me. As a result, they wound up in my dresser drawer (not an uncommon situation.) I decided to give it one more go. A friend referred me to Blair Post at Contemporary Hearing.

What they said couldn't be done, was done by Blair.

No sales pitch on newer models; just a willingness to listen to and work with me.

After testing my hearing, he patiently worked with me to make adjustments to the programming. He also refitted the aids with new leads and cones. The ones I had were not sized or fitted properly and caused much of the feedback.

I was given a follow up appointment the next week at which time Blair fine tuned the programming and changed out one of the cones for another size. These were simple, inexpensive solutions to a fixable problem. Although I was advised of charges ahead of time, no payment was collected until I was satisfied.

Although I found Blair to have an abundance of knowledge, patience and humor, his greatest attribute is INTEGRITY. He honestly wants to help. I would recommend Blair Post and Contemporary Hearing to any person desiring to improve their hearing.

DELICIOUS EASY CORNBREAD

Donna Reese

- 1 box Jiffy Cornbread Mix
- 1 box Jiffy Yellow Cake Mix

Preheat oven to 350 degrees. Grease or spray a 9X9 square pan. In one bowl mix eggs, milk and water required by each mix, along with both mixes, and mix well. Batter may appear a little lumpy from the cornbread mix. Pour into prepared pan and bake for 25 to 30 minutes – until a toothpick comes out clean. For 13X9 pan, double all ingredients and pour in prepared pan. Bake for 30 minutes, until a toothpick comes out clean. Serve warm with butter and a drizzle of honey.

Not All Roofers Are Created Equal!

When choosing a business to do work on your home it is important to consider all the factors. Sometimes the cheapest option is not the best. Keep these tips in mind the next time you choose a service provider, especially a roofer.

How Many Years in Business?

This demonstrates expertise in the field. If a warranty is involved it shows the company's ability to stand behind it. If a company has been around for a long time, it is probably for a good reason.

Is There a Physical Location or Just a PO Box?

We would not suggest you do business with someone who only has a PO Box as an address. This could indicate that they are not an established business.

Who is Doing the Actual Work? Are They Licensed & Insured?

Does the company use subcontractors or their own employees? Employees tend to be more reliable because the business owner holds them accountable day-to-day versus subcontractors who can come and go. Verify the company is a licensed roofer and properly insured for any circumstances.

Consider More Than The Price!

A roof is a durable product meant to last for years. When it comes to durable goods for your home like roofs, air conditioners, windows, etc. who installs them can be an important factor. Remember the old adage "Good work isn't cheap...Cheap work isn't good..."
