## FROM THE PRESIDENT

Steve Rollison

The board of directors has tried to answer the question, "What changes would bring the biggest benefits for Bay Lake residents?" After a lot of discussion and soul searching, we selected the following six areas as the ones that we will focus our efforts on.

### THE BOARD'S MAJOR GOALS

1. Increase membership and participation
2. Improve park appearance and increase compliance
3. Identify ways to eliminate suspicious activity in the park
4. Institutionalize policies and procedures
5. Identify and fix recurring problems

Establish and document formal procedures for auditing the books

We've already made some progress on some of these goals, and you'll be seeing and hearing about that right away.

**We'll be asking for ideas and help on several of our goals. More than just asking, actually. We know that without members' enthusiastic backing and active assistance, some of these goals are simply not attainable. So when you hear me or any of the board members ask for your ideas or help, please put your hand in the air and add whatever you can.**

## NEW RESIDENTS

The residents of Bay Lake Estates would like to welcome these new home owners to our family:

168 Oleander - Marcia Svenson & Keith Buckley - annual renters

86 Azalea - Linda Wood – owner

## WELCOME – OFFICIALLY!

by Steve Rollison

Bay Lake now has an official welcoming committee. Janice Van Dyke and Lisa Thornton graciously volunteered to serve as the first committee members, greeting new residents, familiarizing them with the many benefits of living in our community, presenting a few gifts on behalf of the homeowners association, answering any questions, and in general doing everything they can to make our new neighbors feel welcome.

Please be sure to thank Jan and Lisa for serving in their new roles, and more importantly, help reinforce their message that Bay Lake is the friendliest little community on the gulf coast. The primary way to do that is by approaching every "newbie" you see with a warm smile, outstretched hand, and a sincere "Excuse me if I'm mistaken, but I don't believe we've met yet. My name is ..."

# MODIFIED ELS POLICY ON WEEDS

by Steve Rollison

Have you read the “Rules and Regulations” section of the prospectus? Focusing on just the “Landscaping” portion, it says that the resident is responsible for keeping weeds under control all year long. Failing that, “the park owner will give fourteen (14) days written notice to that resident by U.S. Mail directed to their address in the park,” and if the weeds aren’t cleaned up within the 14 days the park will have them cleaned up and bill the resident.

The prospectus is pre-ELS, of course. ELS has always sent three letters, allowing thirty days between letters, before taking action. The problem with such a lenient policy is that weeds tend to grow fast, so what started out as an ugly weed patch ends up as a full-blown eyesore before it’s corrected.

Effective immediately, ELS will implement the policy as it is specified in the prospectus, with a couple of slight modifications. First, the letter will be mailed to a snowbird’s home address during the summer, since mailing it to the park address would just be foolish. Second, a little extra time will be allowed for notifying Canadian snowbirds because of mail system delays.

The expense for weed clean-up will be added to the resident’s monthly invoice. It will be a direct pass-through of the amount charged by the vendor, with no ELS mark-up. The rate is \$50 per hour with a one hour minimum.

**Completing the Departure Notice will perhaps be more important than ever. What if the person you contract to do your weeding and trimming while you are gone drops the ball? Will you want the office to be able to contact them on your behalf?**

## FOR AMENDMENT 2

This affects your wallet directly.

If you have not already mailed your ballot for the General Election, it's imperative you get to the polls on November 6th. If you need a ride call Steve Rollison or Billie Watters and we'll see that you get there.

Amendment 2 limits how much real estate taxes on mobile home parks can be increased each year.

If the amendment fails, the owners of Florida's mobile home parks will likely be hit with huge real estate tax increases in the coming years. Without question those taxes will be passed along to mobile home owners through increased lot rents.

Vote for Amendment 2 to limit how much real estate taxes on mobile home parks can be increased.

Tell everyone who will listen to you to Vote for Amendment 2.

## My Inherited Passion

I have many memories from my early childhood of talking into my Grandpa's pocket, so his body-aid would pick up my voice. Both my grandfather, Howard and my Mom, MaryEllen, were profoundly hard of hearing.

My Mom's hearing was due to surgical procedure. She had been wearing hearing aids for years before I came into the industry 14 years ago. The first time I fit her with aids she was startled by how much better she heard. I knew the technology had not improved dramatically so it wasn't until I realized she had been using moderate technology levels. That experience showed me how much it had cost her in connecting with others and being part of the group by wearing aids not fit for her busy lifestyle.

She didn't have to buy a moderate set, I just don't think she knew how much benefit and ease of listening a higher level of technology would provide for her challenging hearing and busy lifestyle.

I do understand that there are times when you have to compromise due to financial strains. If you have to compromise do so knowingly. Be aware of what you are choosing between.

Having my life, my family so directly affected by hearing loss I am truly passionate about helping others hear their best. I lived in a family that had frustrations that occurred from not hearing someone or frequent misunderstandings.

I help people with a hearing loss participate in their family moments. I have sought out additional training to ensure I have the ability to help.

Call for a free evaluation and you can try a personalized fitted set of hearing aids with no obligation, no contract, no fine print. Call Cindy, 244-9300, ask for a free test and demo appointment.

## MORE TO LOVE FOR SPORTS FANS

Three of ESPN's streaming networks are now available on X1. ESPN3, SEC+ and ACC Network Extra bring live and upcoming sports programming to the Xfinity TV experience. You can find this content by using the X1 Voice Remote or searching X1. This programming will be available on Xfinity Stream later this year.

You will not need to pay extra to view this programming; however to view ESPN3 and ACC Network Extra customers will need Xfinity Internet service. To view SEC+ customers will also need to subscribe to SEC Network as part of their Xfinity TV service.

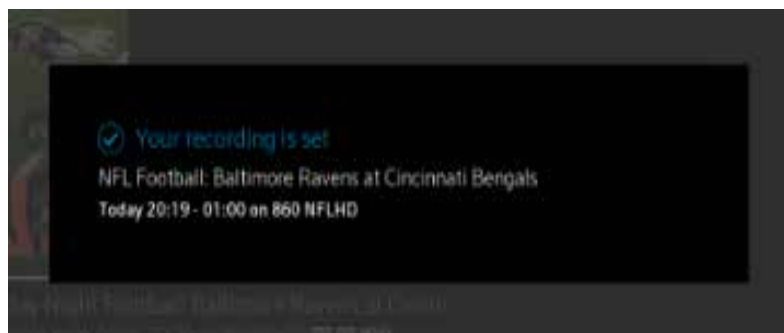

## XFINITY STORE APPOINTMENTS

We are constantly finding new ways to simplify your interactions with us. Save time by scheduling an appointment before visiting your Xfinity Store. Appointments are available at [www.xfinitystores.com](http://www.xfinitystores.com) for picking up or exchanging equipment, adding or changing services, discussing accounts, X1 demonstrations and making payments. You can opt to receive email and text reminders, including texts for next in line and upcoming appointments.

## DVR AUTO EXTEND ON XFINITY X1 UPDATES

The DVR Auto Extend feature on Xfinity X1 allows recordings of select games to run longer than the scheduled time in case the program runs over its time slot. To ensure that customers don't miss a second of the games that they've scheduled to record, auto-extendable program recordings will now be extended 90 minutes by default and end once the game is over. Additionally, game recordings will now continue 15 minutes after the end of the game to account for post-game festivities.

Once an auto-extendable recording has been scheduled, a confirmation message will appear on screen confirming the recording time, which includes the auto-extension.
