### FROM THE PRESIDENT

Steve Rollison – 941-375-8110

Maybe we should change the name of this newsletter to The Bay Lake Volunteer Gazette. After all, that is what every issue is all about. Ninety-nine percent of the articles feature an event or activity that is scheduled only because one or more residents generously committed their time and energy to make it happen.

Sometimes that commitment is a once-a-year commitment, and it could be as "light duty" as selling 50/50 tickets at the Memorial Day dinner or as "heavy duty" as chairing the rummage sale.

Sometimes that commitment is a once-a-month or even a once-a-week commitment, one that is open ended and could go on for a number of years. Such is the case with the following volunteers...

### Bingo

They say "All good things must come to an end," and surely that must be true. Randy Godsoe's turn at running bingo while calling more than half the games himself has, unfortunately for us bingo fans, expired. Since Randy, along with Lisa and Cheryl, has moved out of the park and into larger digs, Florida bingo statutes say he can no longer be involved in running the games. Definitely our loss.

### These Noisy Kids

"Knock-it-off, are the only words I've heard from him this past week," said Donna.

Donna and Fred's grandkids are down for the summer. She called asking for help, since Fred was complaining that the kids are too loud. His irritation was causing tension and putting a damper on the summer vacation.

To make certain we got this one right, we asked him to bring in one of the grandkids.

When sounds are not commonly heard, the brain will pay extra attention to ensure you are aware of this new noise. It is a primitive mental response to keep us safe. This same effect is when you stay in a hotel and new sounds keep you from sleeping well. Your brain is not sure what to do with the new noise and wants you to decide if the sound is important.

When kids are out of the house, our brains adapt to the quieter environment. Then grandkids visit, bringing noise into what was a quiet home. These unfamiliar sounds get attention from our brain, and this constant attention is a bit exhausting, which can result in grumpy people.

Depending on the length of their visit, you may just need to accept the sound and focus on relaxing. For others however, the best fix is a program adjusted for the kids.

If you wear hearing aids and notice you are getting tired and irritable with kids in the house, you can have one program to reduce these sounds. Even though they may be here temporarily, a program set to allow you comfort and confidence around them can ease everyone's experience.

Donna and Fred brought in their granddaughter to ensure we got a program that would soften the sounds. We set up the program then they went to lunch with the whole family and called after lunch to let us know it went well, Fred was relaxed and engaged.

If you struggled when around younger people, it is time to have a checkup for your hearing. Call my office, 941-244-9300, with any questions about program settings.

**Thank you for your generous, loyal and dependable service, Randy. And thank you too, Lisa, for the many, many ways you've contributed your time and energy to the park's events and activities over the years, including as Randy's bingo right-hand man. Uh... woman. And thank you, Cheryl, for trying to keep Randy in line. It was a valiant effort! We all look forward to having you three here in the park regularly for events and activities as alumni residents.**

Sometimes, when one soldier falls, another steps forward to take his place. Thankfully, general Miriam Davidson has come to the front lines, fully prepared to battle the challenges of bingo administration with the help of her able captain, Christopher. Miriam won't be calling the games as Randy did, but she'll be ensuring that everything is managed properly and all the state bingo regulations are followed. **Thank you for stepping into some rather large shoes, Miriam!**

### Bay Laker Newsletter

Another resident who has been shouldering a large monthly responsibility for more than ten years is our Bay Laker newsletter editor, Janice Van Dyke. Unfortunately, Janice will no longer be able to continue in that role. Jan recently suffered a major stroke, and she will be facing challenges to both her physical and cognitive recovery. Please keep Jan and her family in your thoughts and prayers.

Thankfully, Donna Pfeiffer has agreed to take on the responsibilities of the newsletter editor. Although Donna has participated in Bay Lake events fairly regularly, as our new editor she's now looking forward to becoming even more active in association activities and

meeting more of her fellow residents. **Thank you for taking on what might look like an overwhelming responsibility, Donna! From my talks with you I know you can handle it, and there are many of us who are eager to help with anything you need.**

Donna's plate will be pretty full for a while in just learning all the responsibilities she has agreed to take on. If you are in charge of an event or activity, please e-mail her a brief article every month to provide park residents the details they want and need. Almost always that will include the "who, what, when and where" details for upcoming events. Sometimes you should also include information about a recently completed event, such as individuals to be thanked, or details of the event that were particularly fun or memorable.

### **Resident Directory**

Another large undertaking somewhat related to the newsletter is the production of the annual resident directory. In the past this has been a joint effort involving Janice and Herb Van Dyke as well as Susan Rollison. From now forward, Susan will handle the whole project. **Thanks honey!** If you have any updated information (street address, phone numbers, and e-mail addresses) or if your birthday or anniversary was missing from the last directory – send it to Susan by e-mail at [ble@SusanR.com](mailto:ble@SusanR.com). **Don't delay. The new directory will be going to press soon.**

## NEW HOA BOARD AND OFFICERS

*Steve Rollison – 941-375-8110*

The terms of board members Sylvia Richardson and Roger Vorraber expire at the end of April. Please join us remaining board members in thanking Sylvia and Roger for providing guidance to the HOA as directors, and for generously contributing their time and energy toward the success of our association.

At the March 5th association meeting Susan Adkins and Tom Priar were elected to the director positions being vacated by Sylvia and Roger. As is a Bay Lake tradition, Susan and Tom will officially be welcomed to the board during the new business portion of the April association meeting.

Five board members' terms of office carry over from the previous year. They are Dave Baker, Joyce Martin, Jane Ann Miller, Steve Rollison and Billie Watters. As required by Florida law, the seven 2019-2020 directors elected four of their group to serve as the HOA's officers for the year. The officers elected were president – Steve Rollison; vice president – Susan Adkins; secretary – Jane Ann Miller; and treasurer – Joyce Martin. The official title of each of the three remaining board members – Dave Baker, Tom Priar and Billie Watters – is “director at large.”

## VALENTINE DANCE

*Rosemary and Dave Baumgartner*

I would like to thank everyone involved in our 2019 Valentine Dinner Dance. It was a great success and everyone had a wonderful time. I would like to thank my committee: Karol Nickerson, Jan Smith, Sylvia Richardson, Patti Schinharl, Raylene Baugh, Weezie Lacasse and anyone else I might have forgotten. Everyone helped with making the decorations and decorating the day of the dance. As everyone knows, you cannot put on a function like this without help. Pam Priar gave Dave and me the suggestion of putting the tables up differently which gave us much more room and gave more people the opportunity of watching the entertainment without turning their chairs around.

I would like to thank Barb Hickey and her crew (Carla Hanney, Judy Gerarge, Randy and Lisa Godsoe, Judith & Howard Sager) and I am sure I am forgetting someone. The food was delicious and the service was the best. We had wonderful door prizes donated by Original Word of Mouth, Waterfrontoo, Casey Key Beauty Salon, Simplicity Salon & Day Spa, Tervis Tumbler, Joyce & Ken Havens, Jan & Rod Van Buskirk, Capt. Eddie's Seafood Restaurant, All Around Tours, Brenda Joy.

The entertainment by "The Goldtones" was great, again and I think everyone had a wonderful time.

I am looking forward to next year with new entertainment by "Taylor and Taylor." I am sure Barb and her crew will serve something very special again next year.

Thank you to all who attended and anyone I might have forgotten about. We have a wonderful place here to live and without all the help things would not go as smoothly as they have this past year and others before.

## FEBRUARY'S RUMMAGE SALE

*Joyce & Ken Havens and Jane & Rod Van Buskirk*

### **THANK YOU! THANK YOU!**

What an awesome team. Bay Lakers came together and once again put on the best Rummage Sale ever. You did the advertising, you donated, you hauled, you picked up, you sorted, you set up, you sold, you bought, you had coffee and donuts for us, you baked, you prepared lunch, you sold 50/50 tickets, you emceed, you sold plants and gave expert advice with every plant sold, you directed traffic, you picked up people, you dropped off people, you packed up and put it all away. Bay Lakers rose to the challenge and did it all with a smile and a friendly hello. It was a busy for three days. By the end of Saturday we had made approximately \$3800.00.

It took a village and a village showed up. Thank you, to each and every one of you.

## FEBRUARY RACES

*Joyce & Ken Havens, Trish & Ron Suit, Jane & Rod Van Buskirk*

Flamingos, Cupids and the Leprechauns say thank you for making their stay at Bay Lake so pleasant. A special thank you to Steve Rollison for being such a great host and for showing them around Venice. Steve had his hands full with all of them, but at race time they were ready. We placed our bets, cheered on our favorites and enjoyed the company of our neighbors. We were able to book our racers for the 2020 season. Looking forward to having fun at the races next year.

## RABBITS ROUND OUT THE RACE SEASON

*Helen & Dave Baker – 309-830-8449, Trish & Ron Suit*

This has been a prolific race season at the clubhouse, with competitions featuring the Flaming Flamingos (January), the Dancing Cupids (February), and the Liquored-up Leprechauns (March).

The season will wrap up at 6:30 p.m. on Sunday, April 7th with the Breakneck Bunnies. If you've ever seen these hares race you know they have only one speed: hypersonic. That means the pile-ups coming out of the final turn are horrendous – and that's where their nickname "Breakneck" comes from. The racing will be exciting, but the carnage is likely to be gruesome.

Please remember to bring single dollar bills. Only \$1 bets are accepted. Betting on multiple rabbits each race is permissible.

## GAME NIGHT

Many different types of games are played at the clubhouse on Saturday nights at 7:00 p.m. Feel free to come and join in the fun.

## MAHJONG

Mahjong is played every Tuesday at 1:00 p.m. If you want to learn how to play, don't worry, we will teach you.

## **ICECREAM SOCIAL**

Sunday April 14, at 6:30 p.m., come join us for another delicious ice cream social. The cost is \$1.00 for association members and \$2.00 for all others.

Quite a few residents attended the last ice cream social. It's a good time to casually socialize with your neighbors and enjoy an evening ice cream treat.

Please mark your calendars and sign up at the clubhouse.

# FOOD PANTRY

Sandy Richardson – 941-480-0208

Salvation Army appreciates the food I take them weekly from Bay Lake Estates. I sometimes go twice a week if there are lots and lots of food in the basket. As much as I ask you to bring food, please do not bring bread or bread products that can dry out. Should you have any products like this please drop them off directly up the street at the Salvation Army. I do not take food to them on a daily basis. I do take the food once a week or twice a week when needed, at my convenience. The workers are always happy to see me or anyone that brings them food.

## **PLEASE INVEST IN BAY LAKE ESTATES**

Steve Rollison

In March all Bay Lake residents were invited to help craft a message to ELS. The message started with “We know ELS invests money in projects in Bay Lake every year. We would like to suggest a few high-impact projects for your budgeting consideration.”

That approach wasn’t new. Many parks put together what they call their “dream list” every year and send it in just to see what happens.

But we added a new twist to our approach. We recognized that ELS may have some—but probably not much—motivation to fund our dream projects. As a business they kind of owe it to their investors to spend as little as possible to keep us residents satisfied—not particularly happy.

We decided to look for projects to recommend that would likely make ELS happy. Of course, if a project would make us residents happy, too, so much the better!

We identified several categories of projects that would be likely to be attractive to ELS. They included...

***Safety related.*** Improving safety has measurable, profit-enhancing side effects and attracts new residents, especially in “55 and over” communities.

***Asset life lengthening.*** If, for example, there’s a way to make a storage building last longer before it has to be torn down and replaced, ELS might want to do that project. If that project also happened to make the building look nicer, that’s something residents might be happy about.

***Reduce waste or other operating costs.*** Pretty obvious why this would be attractive to ELS, right?

***Improve appearance or resident enjoyment*** of the park at moderate investment expense. From the park owner’s perspective, if a “reasonable” investment can make the park more attractive to potential residents, that may help increase occupancy rate by securing

...continued on page 12

a new resident faster after the previous one moves out. Difficult or impossible to “prove,” but everyone recognizes it’s probably true.

To try to generate project ideas within these categories, several opportunities were set up for residents to contribute their thoughts and ideas. Part of the March association meeting was set aside for brainstorming and discussion. Two one-hour brainstorming meetings were scheduled—one in the morning and one in the evening. Lastly, all residents were encouraged to simply e-mail their contributions in if they were unable to attend any of the brainstorming sessions.

Since capital budgeting (referred to as “CAP-X”) is a year-ahead process with ELS, we won’t know for a long time if our approach actually helped “get us any money,” so to speak. But hopefully we’ll get some feedback from ELS management long before then on the usefulness of the exercise we went through.

Want to see what project ideas were generated? The list is way too long to reproduce here, but send me an e-mail and I’ll be happy to forward a copy to you: [Steve@SteveRollison.com](mailto:Steve@SteveRollison.com)

## **COMCAST NEWS**

*Brenda Radford*

What is new? Making it easier for our customers!

Our latest development in self-service allows customers experiencing service issues to schedule their own trouble call appointments through My Account, online and via the app for mobile devices.

When customers try to resolve their Xfinity Internet or TV issues using My Account, the system automatically runs a Premise Health Test. Customers whose services are detected to be All Out or those experiencing low MoCA PhyRates or Degraded Internet can schedule a service appointment online.

Customers with a mobile number on the account automatically receive a text confirmation of the service appointment, along with real-time updates about the technician's arrival. Customers can request an earlier appointment, or cancel or reschedule their existing appointment from the text alert.

We're introducing a new option for customers to change their bill due date. Customers will have the flexibility to change their due date

or designate the specific day they want their automatic payment to process, avoiding repeat delinquency and regular late fee assessments. This option is only processed through self-service channels to allow customers to confirm the change themselves and to ensure they understand how the change impacts their next two billing statements. Refer to the Change the Due Date on Your Bill document in Einstein, which can be shared with customers.

Customers who elect to reset their TV Box or modem through the phone will now be presented with an option to wait on hold or receive a text message once the reset is complete. Customers will only be connected with an agent once the reset is finished. When the customer reaches an agent, the system identifies if a previous reset was attempted.

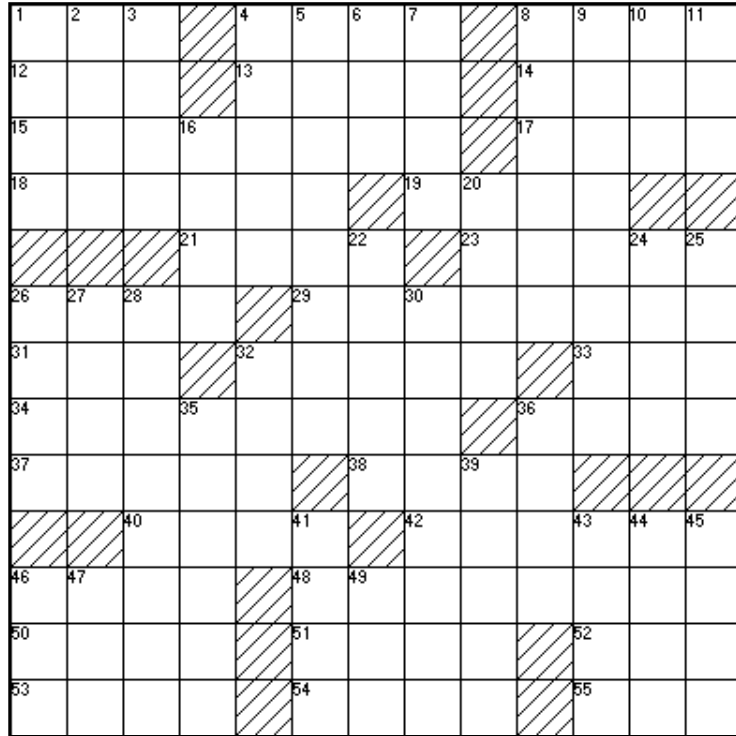

Waiting for the reset to complete means customers don't have to speak with an agent if the refresh resolves the issue, and frees up agents to support customers requiring assistance. When the customer reaches an agent, we know the reset is complete and troubleshooting can proceed without being impacted by the reset process.
