### Potentially Life-altering Legislation

What kind of impact do you think the following changes to Florida statutes would have on most mobile home owners?

◆ Require a buyer of your home to make improvements and/or repairs specified by the park owner before occupying the home. (The effect is to prohibit as-is sales.)

◆ Allow park owners to serve eviction notices by regular mail instead of certified mail – effectively allowing park owners to evict a homeowner without proof that an eviction notice was ever served, removing the right to fight an eviction.

◆ Permit park owners to force a new mobile home owner to sign for – and in effect, agree to – an integrated prospectus (including new park rules) which was not approved by the state, not agreed to by the homeowners association, and not approved for the park.

At the time this February issue of The Bay Laker was going to press, the statuses of three legislative bills were in a state of flux. Two of the three contained elements that were very negative to our interests – like the 3 changes highlighted

above. The third bill was positive to our interests.

To see the latest information on these three bills please go to our website – [www.BayLakeEstates.org](http://www.BayLakeEstates.org) – and look for the heading “Legislation Update.”

## **VALENTINE’S DAY DINNER DANCE**

*Rosemary Baumgartner – 419-215-4733*

Our Valentine’s Day dinner dance will be held on Friday, February 14th. By the time you read this newsletter, it may be too late to purchase tickets. This event sells out quickly.

We hired new entertainment this year and I think everyone will really enjoy them. It is “Taylor and Taylor” two very talented ladies. It will be hard to count all the instruments they play.

Dinner will be served before the entertainment and dancing begins.

Happy Valentine’s Day!

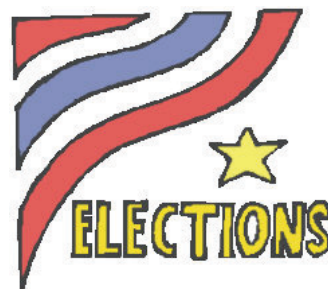

Chairpersons: Dave and Rosemary Baumgartner.

## **2020 ELECTION “RESULTS”**

*Steve Rollison 941-375-8110*

Bay Lake Estates HOA elections are held at the March membership meeting each year. However, the names of the members who will

be serving on next year’s board of directors are already known. No, we are not confessing to some election corruption or any other hijinks!

Two directors’ terms are expiring in April – Joyce Martin and Jane Ann Miller. Joyce announced she would not run for re-election.

The nominating committee found two members willing to run for office: Jane Ann (i.e. a “re-election” candidate) and Dave Eungard. No additional candidates came forth during open nominations at the January association meeting.

With two open offices and two candidates, our bylaws direct that Dave and Jane Ann will be elected “by acclamation” (meaning without a formal vote being taken) at the March meeting.

Another director, Billie Watters, is moving out of state and officially announced her resignation after the January association meeting. Our bylaws specify that her absence be filled until the next election (March 2021) by a person appointed by the president.

After another short candidate search, George Phelps was selected and his appointment will become effective at the February association meeting.

## NEW DAY AND TIME FOR PINOCHLE

Sundays at 3:00 p.m. All players are encouraged to come join us. Questions? Call Eleanor at 734-634-0406

## DISPOSAL OF YOUR OLD RECYCLING BINS

Now that you're using the new bright blue county-supplied recycling cans (they call 'em "carts")... what are you going to do with the old bins you used to use?

You have at least three options.

1. Put one each week (not two!) on top of your blue cart as you set it out for pick-up.
2. Drop them off at the Jacaranda Public Library parking lot any time, day or night. The library is near the corner of Jacaranda Blvd. and Woodmere Park Blvd., just this side of Wal-Mart.
3. Drop them off between 8:00 a.m. and 4:00 p.m. Wednesday through Saturday at the county's Jackson Transfer Station, 250 South Jackson Rd. There are two ways to get to the Jackson Transfer Station:
  - Go north on Albee Farm. Turn right (east) onto Edmondson for 4.5 miles. Turn right (south) onto Jackson Road. Proceed 1.8 miles to the transfer station.
  - Take your favorite route to Venice Avenue. Proceed on Venice Avenue to 1.5 miles east of Jacaranda Blvd. Turn right (south) on Jackson Rd. and proceed 1,000 feet to the transfer station.

## RUMMAGE SALE GETTING CLOSER! FEBRUARY 22 – 8AM – 1PM

*Susan Adkins - 863-241-9895*

As of this writing we are 5 weeks away, but by the time you get this it will be 3 or less! The shed is filling up nicely, but you still have time to gather your unused/unwanted items to donate.

On Wednesday, February 19, tables will be set up after Bingo. On Thursday, February 20, the unloading of the shed begins and items sorted. Friday, February 21 from 1 – 3 p.m. is the Residents' Sale and finalizing setup for the sale the next day, February 22. The sign-up sheet is in the clubhouse and I hope full by now, but many hands make light work so if you are willing and able all are welcome! "Floaters" to relieve others for a sit-a-minute or potty break are good.

A couple of notes – the residents' sale should be just that – residents. Please don't invite friends from outside the park. They are more than welcome the day of the sale!

The clubhouse will be locked after hours both Thursday and Friday, so plan accordingly.

Also, please don't leave your items outside the shed door unattended. You can contact me, Joyce Martin or Steve Rollison – we all have keys.

This is our big fundraiser of the year and with all your help it is sure to be a success!

## IN MEMORIAM

After 60 years of marriage, long time Bay Lakers, Wayne and Norine Edwards passed away within a week of each other early January. Our condolences to their daughter Debbie Roberts and family.

Ruth Roof – 941-484-9088

## What I Wish You Knew...

Having worked in this industry for over 20 years, I've seen all too often people who waited to get their hearing checked struggle during conversations. They describe the same pattern, while listening to their friend's story one word sticks out as odd, and they lose track of the rest of the story.

It's always just one word in a story that causes confusion, which results in an interruption since the story doesn't make sense. Needing to ask for help with a misunderstood word gets embarrassing for the listener. Overtime they stop asking for clarity. Then they worry that everyone thinks they are always confused.

Being able to hear a story clearly is what hearing aids should do.

People think wearing a hearing aid is like wearing glasses. When you look at a flower, you see a flower. When you hear a simple noise, like a siren, you hear the sound. However, a better comparison would be listening is like reading, since both involve understanding what is being shared.

Reading is not about looking at words it is about comprehension of words. Reading a story requires you to imagine characters and what they will do. When you get caught up in a story you feel their reactions and hope for their future. You have an emotional response to the characters. You aren't just reading words, you engage in what happens.

Listening to a conversation is not about hearing sounds, it is about the words and their meaning. Listening involves the entire story, including emotions and experiences. You honor your friends by engaging with their stories.

Studies have shown that waiting to address a hearing loss will reduce the words you understand. Every time a word is not understood during a story, you will lose the flow of what is being shared while you try to figure out that one word. Missing out on words during a conversation reduces your ability to connect the words you hear to the full experience of the story.

If you get lost when hearing a story and wonder if you hear well enough, call for a hearing test, 941-244-9300.

## **A GREAT CHRISTMAS DAY**

### **DINNER AT BLE**

*Michael M. Kloian – 912-547-2416*

It was a delicious dinner served by a team of caring folks. I want to thank Joyce Martin and her wonderful team of volunteers for setting up, serving and clean up. Joyce and I have this unwritten agreement; I cook and she cleans. LOL

A big thank you to Tim Declaire and Ron Suit who are both outstanding in the kitchen, without whom there may not be a great lunch or dinner at BLE.

And a big thank you to ELS for funding our Christmas dinner.

## **DOES BUTTER NEED TO BE REFRIGERATED?**

*Michael Kloian – 912-547-2416*

The bacteria that causes food poisoning requires a protein-rich environment in order to multiply, which is why you can leave an onion out on the counter overnight but not a steak. Butter is mostly fat. It contains a small amount of water and a very small amount of protein. Not enough to promote significant bacteria growth. This is especially the case with salted butter, since salt inhibits the growth of bacteria. Salted butter will keep for weeks at room temperature.

If you don't go through at least one half stick of butter each week, you're, 1) not cooking right, and, 2) probably not reading this article because you don't care about butter.

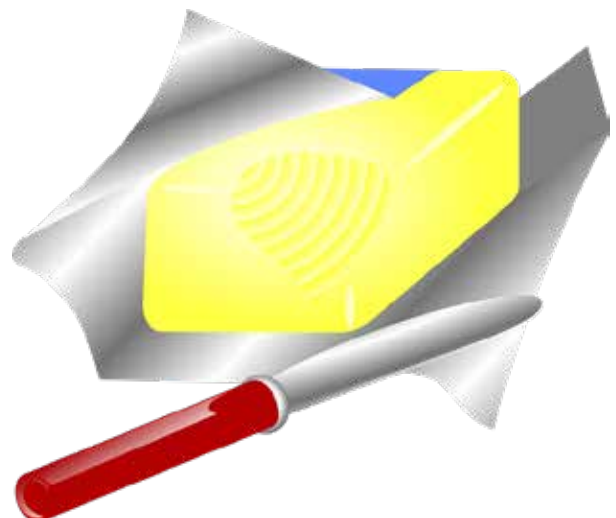

Clarified butter is pure butterfat, without the water and milk solids, which means it has a very long shelf life. You could keep clarified butter at room temperature for several months. First, you need to melt a stick or

two of butter, then using a fat separator or a spoon, only remove the clear butter from the top and not the water and milk at the bottom. Or you can refrigerate the melted butter and poke several holes when hardened to disperse the liquids at the bottom.

### **Spoiled Butter vs. Rancid Butter**

Rancidity is caused by exposure to oxygen, light and/or heat. To prevent rancidity, keep one stick or less of butter in an opaque butter dish or purchase a butter keeper like Mrs. Anderson's Ceramic Butter keeper at Bed Bath & Beyond for \$9.99 that will keep your butter for up to 20 days without refrigeration. After all, who enjoys cold, hard butter on warm fluffy pancakes or hot crisp waffles? Do you really enjoy tearing up your bread by trying to spread cold, hard butter on it?

Finally, if you keep your butter dish on or near the stove, or near the toaster, or if it stays above 80 degrees in your kitchen, the shelf life will be shortened. The real issue is rancidity, not bacterial spoilage. Other than direct cross-contamination, there's really no plausible way for butter to make you sick.

## MUSIC WITH ANDY & DONNA

Steve Rollison – 941-375-8110

If you missed the first music night with Andy & Donna Takach, you missed a boatload of fun. Now's your chance to make it up to yourself.

The second Saturday is advertised as an informal evening of karaoke, music and dancing – but the emphasis is on “whatever the crowd wants.” A few people got up to sing during the first music night back in December. A few others got up to slow-dance or not-so-slow-dance now and then.

But mostly everyone kicked back and enjoyed listening to Andy's smooth baritone rendition of tunes ranging from ballads of the fifties to country to rock 'n' roll. It's a special treat when Donna harmonizes.

Mark your calendar for February 8th from 7:00 to 9:00 p.m. No tickets to buy, no sign-up sheet to worry about, and no cover charge to pay... just bring whatever you want to drink and something to snack on if you'd like to.

## HELP HEAL VETERANS

Jesus Febres – 941-445-4630

All veterans are welcome to come to the Clubhouse every 2nd, 3rd and 4th Tuesday each month from 9:00 a.m. to Noon. Your VA card entitles you to two free project kits to work on. In the past, kits have included things such as leather projects like moccasins and wallets and wooden birdhouses. Please bring your VA card with you. If you know a veteran, please encourage him/her to attend.

## SUNDAES ON SUNDAYS

A sign-up sheet will be in the usual spot. Please use it as intended so we know how much ice cream and toppings to buy.

## KNOW YOUR PARK RULES

by Steve Rollison 941-375-8110

You and your spouse are snowbirds, living “up north” from May through September. Your 22-year-old granddaughter will graduate from college in May and she doesn't have a job yet. Before she gets serious about looking for work she'd love to take three or four weeks off to just chill out at Venice beach with her best friend. You're okay with that since she's a good kid, she studied hard, and she'll be graduating with honors.

Would you be breaking any rules if you just gave her the keys to your Bay Lake Estates home and admonished her to take care of the place and refrain from being rowdy while she's here?

Check your knowledge at Park Rules Quiz Answer on page 16 .

The Park Rules are found in the prospectus. The rules lay out what is required of both residents and the park

*Continued on page 10*

owner. Everyone is given a copy when they move in, and agrees in writing to abide by the rules. Unfortunately, few people read the rules thoroughly. Fewer still review them regularly. As a consequence, the question of “what’s allowed” comes up frequently. Providing clarity is the purpose of this monthly article.

## **FRIDAY NIGHT EUCHRE**

*Jane Hodson – 812-371-3692*

*Karen Limkemann – 734-419-9142*

Friday night Euchre is at 7:00 p.m. at the clubhouse. There is a sign up sheet at the desk. We need to have four people at the table to play, so be sure to sign up by Wednesday to play on Friday. 50 cents to play. Thank you.

## **UH-OH! WE HAD AN “OH, NO!”**

*Steve Rollison 941-375-8110*

This newsletter that you are reading right now is one of the tools we use to inform you about Bay Lake news, announcements, events and activities. But since it’s printed just once a month, what you see is sometimes pretty dated.

However, if you really want to stay on top of things and you’re set up to receive e mail, we’ve got you covered with our Event Alerts. They’re **short** “blast” e mails that we send out whenever there’s anything newsworthy to report – generally, that’s a few times each month.

Subscribing (or unsubscribing) couldn’t be easier. Just send me a very brief e-mail, including your name, and I’ll take care of all

the details. Here’s the address:

**EventAlerts@SteveRollison.com**

**So what was the “Oh, no!” confessed in the title above?** Well, not long ago three people sent me e mails asking to subscribe to the Event Alerts... but the requests slipped by me unnoticed until I was cleaning out my inbox weeks later! You don’t have to worry about a delay like that, though, because now I have a filter set that automatically sounds an alarm whenever I receive a subscription request. If you’re not already a subscriber, send me a request and test my guaranteed-foolproof system!

## **ROMEOS**

*Peter Morrissey – 941-488-7284*

Romeos is the name of our breakfast gathering for the men at Bay Lake

Estates. Men, come join us for breakfast every other Monday morning. The sign up sheet is in the clubhouse listing the date, time and destination.

## NOTES FROM THE EDITOR

Donna Pfeiffer – 941-586-2812

Editor@BayLakeEstates.org

Neighbors may have seen a lot of activity around my place since December. I have had to remove all of my carpeting, replace much of my subfloor and put down new flooring. Thank you for putting up with the mess for so long. Much of the work was DIY and therefore took a very long time.

**From the Editor**

I would like to thank everyone for the contractor recommendations to do the subfloor work. C.E.T. Construction, LLC was one of the contractors recommended by a neighbor and I am very happy I chose

him. Chris has been very patient with this old mobile home and my need to live here while he did the work. I would pass on that high recommendation to anyone in need of work in your home. [cetconstructionllc@gmail.com](mailto:cetconstructionllc@gmail.com) I found him to be honest and reliable.

Now that my living room, dining room and bedroom are complete, it's back to more DIY work in laying my kitchen and bathroom floor. If I have any problems, I will be calling Chris back to pick up where I left off.

*We are back to our normal Newsletter Deadline: 12th of the previous month*

All articles and information must be received by the 12th of each month to be included in the newsletter for the following month. You are encouraged to submit articles and photo of upcoming or past BLE events. Or simply articles you deem note worthy for our community. Please **EMAIL** all newsletter submissions to: [Editor@BayLakeEstates.org](mailto:Editor@BayLakeEstates.org) before the deadline. Thank you.

## WHAT'S HAPPENING IN VENICE

## **PARK RULES QUIZ ANSWER**

*by Steve Rollison 941-375-8110*

This month's quiz touches on a number of park rules. Let's look at each of them and evaluate if any violations would occur under the hypothetical circumstances.

Rule 1B states in part "All guests must be registered in the park office. No mobile home may be left in the possession of anyone under 18 years of age.

As long as Granddaughter and her friend register upon arrival, there is no violation of rule 1B.

Rule 1C states in part "Each resident is required to acquaint all of their guests with all conditions relating to the use of the park."

You would be violating rule 1C if you only admonished them "to take care of the place and refrain from being rowdy." The rule requires you to explain all the pertinent park rules to them, and to make sure they understand and agree to abide by them.

According to rule 1E, "Minor children or grandchildren of residents may visit four weeks out of any calendar year. Use of any facilities of the park by such minors shall be governed by the rules pertaining thereto, and conditioned on such minor being accompanied by an adult at all times."

Since neither Granddaughter nor her friend is a minor, rule 1E does not pertain. Therefore, they are covered by another part of rule 1B:

Guests, whose stay does not exceed 30 days in any calendar year, are also not charged [an additional fee]. No other occupant shall be

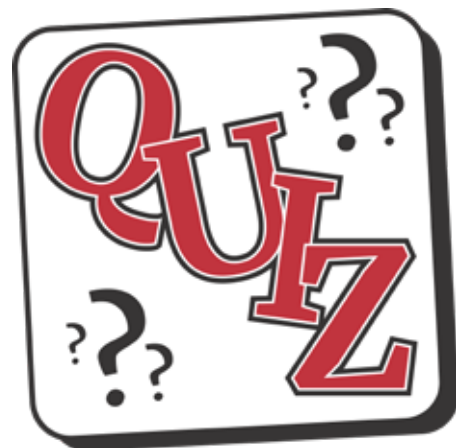

allowed, except with the express permission, in writing, from park owner.

The main consequence is that if Granddaughter stays "4 weeks" (i.e. 28 days) with her best friend, and she comes back in the same calendar year to visit with you here, she can stay only 2 more days without breaking the rule unless you get permission from the park owner.

Rule 2C states "No resident shall permit anyone to use their mobile home in his, her or their absence without prior written approval from park owner and unless the use is for longer than fourteen (14) days. Anyone receiving such approval shall sign and abide by the park's Rules and Regulations."

However, rule 2 covers "renting and use of mobile home." Since Granddaughter is not being charged rent, rule 2C does not seem to apply, although on its own the rule's applicability appears ambiguous.

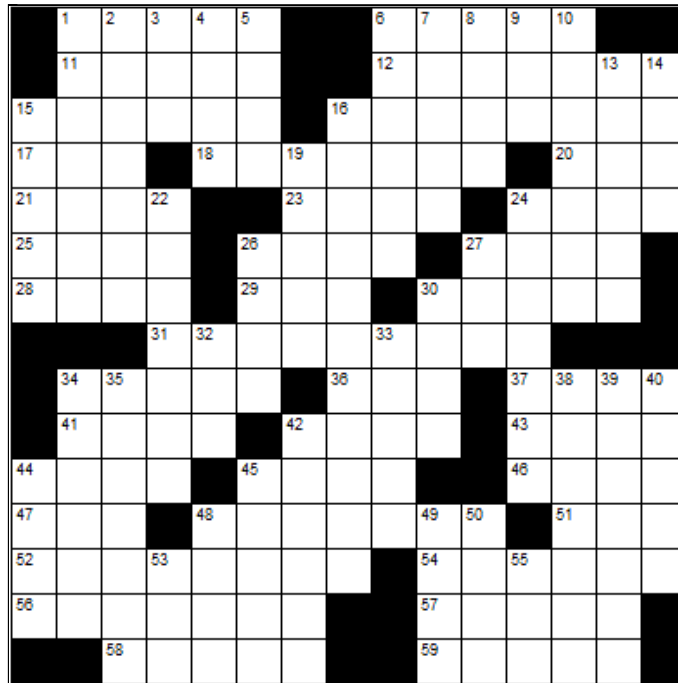

One final point is worth noting. While there is no rule that would require you to notify Leslee in advance of your granddaughter staying during your absence, providing such notification would, firstly, be common courtesy, and secondly, would promote better security for everyone involved.
