LET'S TALK ABOUT DOGS !

We all love our furry friends and most of us treat them like family. Dogs were a really hot topic at our General Membership Meeting of October 3rd, but unfortunately, it was for 'unfavorable' reasons.

Pet owners, please remember the following rules and let's all show respect for our friends & neighbors. *(Reference BLE Rules & Regulations and the Code of Ordinances of Sarasota County, Florida - Chapter 14, Animals)*

1. A resident living in a designated pet area of the park may own one small domestic pet not exceeding 20 lbs.
2. Pets MUST be on a leash at all times when outside the owner's mobile home.
 - The leash is meant to keep your dog from running at large, but it's also a way for you to control your pet's movements and ensure its safety. While you may think a retractable leash gives your dog more freedom, it also gives you less control. And while you are chatting with a friend, your dog may be in the

middle of the street or doing his business in someone's yard (out of your sight). A 6' leash is recommended.

3. Each pet owner IS responsible for removing their pet's bodily wastes. Failure to do so will be sufficient cause for permanent removal of the pet from the park.
4. Pets are NOT allowed in the pool area.
5. Each resident must avoid walking on the lawns of other residents by using the designated walking areas in the park (ie: streets).
 - Some of you may think the space between homes is for your enjoyment or considered a 'common area', but it is not. Each lot is approximately 46' x 68' which gives each resident enough side and back space between homes for privacy. Please respect your neighbors, and do not walk between homes, unless it is your own home.

Have a good month!

FROM THE EDITOR

Michael M. Kloian (912) 547-2416

Forty years ago, NOVEMBER 22, 1963 marks the day President Kennedy was assassinated in Dallas Texas while riding in a motorcade next to his wife, Jacqueline. I was 15 years old and home sick with asthma, watching Bill Kennedy Showtime, a Canadian TV program on channel 9, when the program was suddenly interrupted. Bill Kennedy was in tears when he reported the President had been shot and had died.

Since that shocking day, a number of conspiracies surrounding Kennedy's assassination were born.

According to John C. McAdams, "The greatest and

grandest of all conspiracy theories is the Kennedy assassination conspiracy theory." Others have referred to it as "the mother of all conspiracies". Author David Krajicek describes Kennedy assassination enthusiasts as people belonging to "conspiracy theorists" on one side and "debunkers" on the other. The great amount of controversy surrounding the event has resulted in bitter disputes between those who support the conclusion of the Warren Commission and those who reject it or are critical of the official explanation

One theory, that the Cuban government was responsible, gathered steam after the Senate Select Committee to Study Governmental Operations with Respect to Intelligence Activities revealed that the Central Intelligence Agency (CIA) had made several attempts to assassinate Cuban leader Fidel Castro.

At the other end of the Cuban political conspiracy spectrum were theories that attempted to tie the assassination and Oswald to anti-Castro groups who were angry at Kennedy for his decision to withhold U.S. military support for the failed Bay of Pigs invasion. (Kennedy's lack of support for the invasion is also cited as a motive by those who hold that vindictive elements within the CIA were behind the assassination.)

Cuba is also on the margins of the theories that blame the assassination on organized crime, tangentially connected because of the CIA's efforts to recruit the Mafia, through Chicago syndicate boss Sam Giancana, to help kill Castro, whose revolution had ousted organized crime from Cuba. More central to the motive proposed for the mob wanting to kill President Kennedy were the aggressive efforts by his brother, Attorney General Robert F. Kennedy, to investigate and eradicate organized crime. Ruby also figures into some of these theories because of his connection with organized crime as a result of his involvement with gambling.

One of the most-developed theories was pushed by Jim Garrison, the district attorney of New Orleans, who alleged that anti-Castro and anticommunist elements within the CIA were behind a conspiracy

that involved Oswald and a coterie of rabid New Orleans anticommunists—businessman Clay Shaw, private detective and former FBI agent Guy Banister, and David Ferrie, who had been in the same Civil Air Patrol squadron as Oswald in the 1950s. Banister and Ferrie died before Garrison brought his case to trial, but Shaw was found not guilty in 1969. The book Garrison later wrote about his pursuit, *On the Trail of the Assassins: My Investigation and Prosecution of the Murder of President Kennedy* (1988), was a touchstone for Oliver Stone's movie *JFK* (1991). Yet another theory put Johnson at the centre of a plot to kill Kennedy to clear his own path to the presidency. Evidence for this theory was supposedly provided by a statement by convicted Watergate conspirator and former CIA agent E. Howard Hunt, who claimed that Johnson had ordered CIA agents to kill Kennedy.

OUR POOL IS KOOL – PLEASE OBSERVE THIS RULE!

contributor George Dujanowicz

Just recently it was observed that a dog without a leash was running around the enclosed pool area, and then was put into the water.

According to the rules and regulations contained in the Residency Agreement document, there is a section: Bay Lake Estates Pool Rules (page 14), per Florida State Pool Regulations. Among many others, one of those rules stated:

Dogs and other animals are not allowed in the pool area.

Everyone living in BLE, as well as visitors must observe the pool's health and safety regulations without any exceptions.

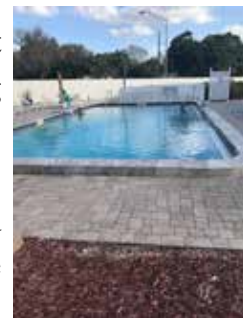

It is strongly suggested to everyone who want to use the BLE pool to read and obey the content of the above mentioned pool regulations.

Another incident was observed on Friday, Oct. 6th around 9:00 p.m. when a woman entered the enclosed pool with her dog running freely. She was advised to leave the pool area without any delays.

Unfortunately, some people think they can do in the BLE park whatever they want to do. Needless to say, such behavior has to STOP for the good of all residents living here.

In addition to bringing dogs to the enclosed pool area and into the water, there is another issue related to some individuals getting into the pool without taking a shower first.

It was observed on numerous occasions, that some people are resistant to taking a shower first, before entering the water. This is a disgusting violation of the Pool Rules mandated by the Florida State Pool Regulation. SAFETY and HYGIENE in the pool MUST be obeyed by everyone, who want to use and enjoy the pool in BLE, without any exceptions. Again, strongly suggesting to read Pool Rules on page 14 of the Residency Agreement.

YOUR MOST VALUABLE ACCOUNT

You probably have an online account that many crooks would value even more than your bank account. Really!

Hacking into your e-mail account might actually provide them easy access to all your other online accounts – including your bank and/or investment accounts. But you already knew that – right?

You did know that already if you've been an Event Alerts subscriber for a while. That's because an Alert went out not that long ago, describing how a Bay Lake resident narrowly escaped being victimized by a crafty crook pretending to be an Xfinity employee. Yes, he was trying to con the resident out of his e-mail password!

What exactly are the Event Alerts, you ask?

They are short e-mail "blasts" sent out whenever there are news items, announcements, events or activities you'd want to know about. The Bay Laker Newsletter is great, but like any printed information, it's pretty much out of date by the time you pick it up. Alerts are the best way to stay on top of things at Bay Lake.

If you're not already a subscriber, becoming one couldn't be any easier. Just send me a request at: EventAlerts@SteveRollison.com

A brief "Please subscribe me," along with your name, is all you need to send.

MY FAVORITE EASY RECIPE

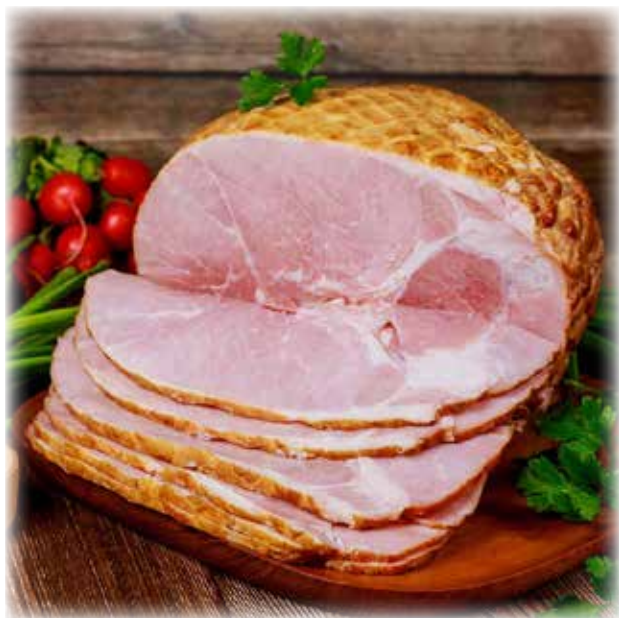

contributor Michael M Kloian

It's that time of year to prepare early for the upcoming Holiday's and scratch made ham glaze is the only way to prepare a whole ham everyone at the table is sure to enjoy.

HAM GLAZE for a 10-12 lb ham, sliced or unsliced
1 cup light brown sugar; ½ to ¾ cup of pineapple or orange juice; ½ cup of honey; 1-2 tbl of Dijon Mustard; 1/3 to ½ jar of Peach or Apricot Preserves (not jam); 1 tsp cinnamon; & ½ tsp ground cloves and, optionally, a splash or two of Grand Marnier Liquor.

Bring the ingredients to a boil on medium heat, stirring constantly with a wire whisk, then allow to cool down (it will thicken) before glazing your ham. If you refrigerate the glaze the day before, simply warm it up in a sauce pan then allow it to cool.

I always heat the Ham in a roasting pan with water below the rack on the bottom, covered with foil for about 1.5 to 2 hours (depending on the weight) at 275 degrees. Glazed three times, beginning-middle-and lightly at the end. The water helps retain the ham's moisture.

Technology Levels

Blair Post, HAS, BC-HIS, ACA

Board Certified Hearing Instrument Sciences
American Conference of Audioprosthology

I'm going to share a story about "Joe". Yes, his name has been changed to protect him.

Joe came in for his regular cleaning. He mentioned that while his kids were in town, he had felt like he was always on alert. He explained that while out to dinner he had to look at who was speaking to make sure he heard clearly. While at home he was always listening for someone to speak to him.

He really liked when it was just him and his wife so he could just hang out. If she said something she knew to get his attention or speak louder so he would look at her.

Joe bought mid-level technology four years ago when he lived up north. Now that they are full time residents and more active with people coming to visit, he has noticed that his hearing aids aren't keeping up.

I offered him a chance to try premium level hearing aids for a few days so he could hear the difference. Premium technology offers better clarity in noisy situations and I recommend my socially active clients try them.

He came in beaming. He came alone.

Joe shared that he and his wife went to Sand Trap and golf was on one of the channels. His wife was talking about one of the kids while he was watching the golf. He responded to her question and in mid-sentence yelled about the amazing golf shot that just happened.

He went on to explain how it was that moment in which he realized he was just hanging out. He wasn't intensely focused on his wife while out to eat. He was just being casual.

With his new hearing aids, he has enjoyed being relaxed and at ease while listening to his family and friends when they get together.

As I shared with him, the higher the technology the more heavy lifting they will provide so you can feel at ease.

If you would like to try hearing aids that can help you relax while being with your friends and family, call me to demo premium technology hearing aids.

THE HUMANE THING TO DO

contributor Michael M Kloian

James Harden sank the overtime 3-pointer that sent the 76ers to a playoff victory and instantly waved to John Hao, a paralyzed Michigan state shooting survivor who developed a long-distance bond with Philadelphia's star guard.

Harden had just scored 42 points, removed his sneakers, signed them and handed them to his new friend.

"He brought me good vibes, good energy," Harden said.

Hao was all smiles as he looked on from the court, a needed break from looming rehabilitation for the international student from China who attended the game as Harden's guest.

Before the game, Harden leaned into Hao and got small pats on the back before resuming his pregame drills.

"You look good," Harden told Hao.

The 20-year-old Hao and his parents had been invited by Harden to attend a 76ers game once he was able to travel.

Hao recently left a Chicago rehabilitation facility where he'd been since a February shooting on the East Lansing campus that killed three students and injured five others.

Hao wore Harden's No. 1 jersey and attended the game with his parents. Hao's father also wore a Harden jersey and posed for pictures as the 76ers warmed up behind him.

Harden learned after the shooting that Hao was a fan of his and donated sneakers, money and then called the student to offer encouragement. "I know it's tough right now, just gotta be mentally strong," Harden said in February in video of the call. "Just think about the positive things and keep pushing. Keep fighting. I got you."

Harden also kept his promise that Hao and his family could attend a game. The family watched the game from a club box at the Wells Fargo Center.

The shootings at Michigan State happened in February during evening classes at Berkey Hall

and nearby at the MSU Union. Students across the vast campus were ordered to shelter in place for four hours — "run, hide, fight" if necessary — while police hunted for Anthony McRae, 43, who eventually killed himself when confronted by police not far from his home in Lansing.

If you have a 'The Humane Thing To Do' story please submit this to the editor at editor@baylakeestates.org.

MIRACLES DO HAPPEN

contributor Michael M Kloian

On September 24th, 2023, 60 Minutes aired a special report that the Governor of California is putting forth a plan to deal with the 170,000 homeless folks living on California streets. One in four suffers from mental issues with no medication and no treatment to help them restore their life to some form of normalcy, which will also be addressed under a new program called CARE COURT.

Home-lessness seems to have multiplied over the past decade into a national disaster, except for Florida.

Florida's significant reductions in homelessness is likely due to three causes. 1. First, the economy has improved since 2010. Since home-lessness is primarily due to a mismatch between income and housing costs, increasing income and employment opportunities result in decreased homelessness.

The Permanent Supportive Housing Program, funded by the HUD CoC Program, is one solution to this problem. In 2018, 72% of the HUD CoC Program Awards were for Permanent Housing, directed to serve chronically homeless and disabled individuals in the State of Florida.

DCF coordinates funding for homeless assistance through a statewide network of lead agencies, called Continuums of Care, who subcontract with other community partners to fund the direct services provided to the homeless population.

Despite Florida's progress on homelessness, the state still has the nation's third highest homeless population with 25,959 people being counted in 2022.

The Tampa-St. Petersburg metropolitan area has the highest rate of homelessness in the nation, according to the National Alliance to End Homelessness in a report issued earlier this year - 57 homeless for every 10,000 residents. This area has approximately 16,000 homeless, and about one-fifth of them are children. On its website, CBS (8/27) reports, "As Republicans gather for their national party convention in Tampa, they will be aware of the stormy weather but may not see another issue clouding the city.

WHERE TO DINE – WHAT TO ORDER

ALLEGRO BISTRO – Italian Restaurant 1740 E. Venice Ave

Everyone loves a good tasty pizza now and then and there is certainly no shortage of pizza on their menu. I really enjoyed their flatbread pizza.

The best part of visiting Allegro on Wednesday's, from 5:30 – 8:30, is their Karaoke. With as many as 15-20 singers they can expect to sing about 2-3 songs in the 3 hour period.

When I first attended Allegro I did notice the folks there enjoy slow dancing (big dance floor). I adjusted my song choices to make certain I had at least 1 slow dance song.

Try it out sometime. You'll have fun.

AMERICA'S GOT TALENT

Hurricane, a Border Collie, and his human Adrian Stoica are the winners of the latest, 18th season of America's Got Talent. Their dog show captured the hearts of the American public. Magician Anna DeGuzman came in second

in the 2023 competition, announced Wednesday (Sept. 27), and dance troupe Murmuration came in third.

The wide range of talent never ceases to amaze me in this show and this year's winner for the very first time is a dog show performed by Hurricane. Brilliant presentation.
