Spring is here, and with it comes a fresh burst of energy, color, and opportunity. As the days grow longer and the flowers begin to bloom, we welcome spring with open arms and hopeful hearts. This season reminds us that no matter what challenges are ahead, there is always room for joy, growth, renewal and new beginnings.

In times of political tension and uncertainty between our countries, it's natural to feel concerned, confused and even overwhelmed. But it's in moments like these that our values shine the brightest. With each challenge we face, we gain strength. With each change, we find an opportunity to learn and evolve. Our countries have a long history of partnerships, friendships and collaboration. Is There a Hearing Problem?

Blair Post, HAS, BC-HIS, ACA

Board Certified Hearing Instrument Sciences
American Conference of Audioprosthology

Joe's checkup is ending, and his doctor asks, "Is there anything else?"

Joe says, "I don't think my wife is hearing well. What can I do?"

The doctor recommended a simple exercise to determine if it was her hearing. Stand about 50 feet away from your wife, when her back is to you so she can't see you. Ask her a general question and see if she answers. If she doesn't answer, step closer and ask again. If she doesn't answer, take another step closer and ask again. Keep doing this until you know she heard the question and answered it.

Joe went home and did the exercise. Joe stood in the hallway behind his wife while she was in the kitchen cooking. He asked in a clear, steady voice, "Honey, what's for dinner?" No reply. So, he took a step closer and asked again. No reply. So, he took a step closer and asked again.

After five times his wife spun around and yelled, "For the fifth time, chicken!"

While Joe's story is humorous, it illustrates a serious point: hearing loss often goes unnoticed by the person experiencing it. If you're wondering whether your loved one might have a hearing problem, here are some signs:

Frequent Misunderstandings: misinterpret what's said or respond inappropriately

Complaints About Mumbling: frequently claim that others don't speak clearly

Difficulty in Noisy Environments: they struggle to follow conversations in noisy places

Loud TV: set the TV volume higher than is comfortable for others

Withdrawal from Conversations: appear to disengage during conversations

Hearing loss doesn't have to create distance in your relationships. To find out if hearing loss is an underlying cause, call us at (941) 244-9300 to schedule your free hearing test today.

We are neighbors. We are friends. We are family. That will not change.

Keep in mind that progress doesn't always come in a straight line, but the path forward is always built by those who chose unity over division. Let's stay open-minded and hopeful because no storm lasts forever.

MEMORIAL DAY SPEECH

– **MAY 27TH 2024**

contributor Steve Rollison

One year ago, Steve stood up at our Memorial Day luncheon and gave the following speech, which I felt was worthy of repeating in this year's newsletter. The editor...

"Thank you for being here today to enjoy a delicious meal together, and to observe Memorial Day. I have been asked to say a few words to help us focus on the meaning of this holiday, and it is an honor to do that.

This day holds deep significance in our national consciousness, a day when we pause to remember and honor the brave men and women who have made the ultimate sacrifice in service to our country.

For many of you present, this day carries personal memories and reflections. To our esteemed veterans, we are profoundly grateful for your service and

sacrifices. You have seen firsthand the cost of freedom, and your experiences serve as a testament to the courage and resilience that define our armed forces.

Memorial Day has its origins in the aftermath of the Civil War, a conflict that tore our nation apart but also laid the foundation for a unified country dedicated to the principles of liberty and justice for all. Originally known as Decoration Day, it was a time to adorn the graves of the fallen soldiers with flowers, a tradition that symbolized the nation's commitment to remembering those who gave their lives. Over time, this day has evolved to honor all military personnel who have died in any conflict, ensuring that their sacrifices are never forgotten.

Today, we are reminded that freedom is not free. Freedom is not free... The peace and liberties we enjoy have been secured through the sacrifices of countless individuals. Those heroes came from all walks of life, united by a common purpose—to defend our nation and protect its ideals. They left behind families, friends, and futures, answering the call of duty with unwavering resolve.

For those of you who have served, you understand the weight of this commitment. The camaraderie, the hardships, the moments of fear, and the acts of heroism—these experiences are etched into your hearts and minds. You have carried the torch of those who came before you, ensuring that their legacy lives on through your own service.

Today, we also remember the families of the fallen. Their sacrifices are immeasurable, as they have borne the heavy burden of loss. They, too, are heroes, for their support and strength have been essential in upholding the spirit of those who served. On this Memorial Day, we honor their sacrifices and extend our deepest gratitude.

As we ponder the past, let us also look to the future with a renewed sense of purpose. Our duty to honor the fallen does not end with ceremonies and tributes. It extends to how we live our lives every day—by upholding the values for which they fought, by striving for a more just and peaceful world, and

continued on page 4

by supporting our veterans and active-duty service members.

Let us ensure that the stories of bravery and sacrifice are passed down to future generations. Let us teach our children and grandchildren about the heroes who have safeguarded our freedom, so that those future generations may understand the true cost of liberty and appreciate the blessings they enjoy.

As we gather here in gratitude, let us think about just how **many** Americans have given their lives to secure our freedoms. In just the six largest wars or conflicts **hundreds** of **thousands** of American service members were killed:

1. ****The Civil War**** – Approximately 620,000 Americans lost their lives in this conflict, which pitted brother against brother in a struggle that ultimately defined our nation.
2. ****World War II**** – Over 400,000 American service members perished in this global conflict that saw the forces of democracy triumph over tyranny.
3. ****World War I**** – The “War to End All Wars” claimed the lives of more than 116,000 American soldiers, marking the United States’ emergence as a global power.
4. ****The Vietnam War**** – This deeply divisive conflict resulted in the deaths of over 58,000 American troops and had a profound impact on American society and politics.
5. ****The Korean War**** – Often called the “Forgotten War,” this conflict claimed the lives of over 36,000 American soldiers in the fight to contain the spread of communism.
6. ****The American Revolutionary War**** – The war for American independence saw approximately 25,000 American patriots give their lives to secure our nation’s freedom.

These wars and the sacrifices made by those who fought in them remind us of the high price of our cherished freedoms. Indeed... freedom is **not** free.

In closing, let us remember that Memorial Day is not just a day of remembrance but also a day of

contemplation and recommitment. We honor the fallen by living lives that reflect the values they fought to protect. We further honor them by ensuring that their legacy endures in our hearts and actions.

Thank you all for being here today, and thank you for your commitment to preserving the memory of our nation’s heroes. May we always remember and honor their sacrifices, today and every day.

God bless you, and God bless America.”

CALLING ALL VETS

– MONDAY MAY 26TH

Following our Memorial Day lunch we plan to recognize all Bay Lake Veterans. This is typically done on Veterans Day (November) but since we have no planned event on Veterans Day we felt it would be important to honor our resident vets.

FOND FAREWELL

A True Story about three little boys...

...and you may have known 1, 2, or all 3 of them.

If you've been receiving Event Alerts for a while now, you may have read Part 1 of this story. This is Part 2, and sadly it is the final part.

Back in the late 1940s there were three little boys growing up in small-town Plymouth, Indiana. Jim, Kent and Dick were typical youngsters in most ways, doing typical things together like fishing, riding their bikes, and doing their best to stay out of trouble.

As they grew up, they did typical grown-up things. They got jobs, got married, had kids (and a whole line of progeny), and eventually retired.

What was not typical about these three was that they had become life-long friends. In fact, Jim (and his wife, Ruth), Kent (and Donna), and Dick (and Carol) all bought houses in the same retirement community in Nokomis, Florida!

A number of years ago, Jim Doll passed away, and Ruth eventually moved back to Indiana.

More recently, on November 2nd of 2021 to be exact, Kent Mattix passed away at age 83 of congestive heart failure while he and Donna were wrapping up their summer back in Plymouth.

The last of the three little boys, Dick Feltz, passed away last week on Thursday, April 10th. He was 96 years old.

Carol asks that announcements not be made on social media at this time. When final arrangements are made she will make sure that the information is posted online.

Dick left many Bay Lake friends behind when he departed. They had gotten to know him through his genial participation in many park activities.

Activities that included... Weekly meetings of veterans who got together to support and encourage

continued on page 10

each other. The Wednesday Free Computer Clinics where he learned how to access electronic books he downloaded to his Kindle. Saturday morning coffee, donuts, and socializing. Breakfast on alternating Tuesdays with the Romeos, where his sausage, biscuits and gravy meant less to him than the men's good-natured ribbing, exaggerated storytelling, grapevine dissection and enhancement, and skin-thickening insult flinging.

Over the years we learned a lot about Dick. He honorably served in WWII and the Korean War. He seemed particularly proud to have been assigned to the team responsible for identifying soldiers who had died in combat. With utmost respect he would regularly speak to those fallen comrades, telling them what he was doing and promising to get them back home to their families for proper burial.

We also found out that Dick used to own an insurance agency in Michigan. He knew more about insurance than any of us could ever hope to learn, and he was always eager to offer advice on saving money and dealing with insurance company representatives.

One thing about Dick that almost nobody knew: he enjoyed writing poetry! Carol has nearly 90 poems he wrote, and she plans to publish them in an anthology.

At our Saturday Morning Coffee just after Dick's passing, Carol read to us one of his recent poems and gave us permission to share it in this Alert.

THE FOURTH SEASON OF LIFE

by Richard Feltz

In the first season, we awaken.
To all the glories we can partake in.
Starting our journey is exciting and new.
We know not what, why, when or where to.

In the second season of life, we discover things new.
Everyone is not the same, we find tis best to be true.

Our journey thru life, is now half way there.
We hope we can do it right and people will care.

Then comes the third season of life, the road is downhill.
We wonder what is in store, yes we will do God's will.

We look back at where we have traveled, good and bad.
Thinking how different it would be, if we weren't sad.

Now we are at the fourth season of life, and I try.
I am older, wiser, and understand, yes I will cry.
For tis now I don't look back, I accept this is as my glory.
No regrets, I go to meet my father, this is my story.

* The picture is a stock photo illustration. None of those boys are actually Kent, Jim or Dick.

MORE HELP NEEDED!

contributor Marian Brooks

We always need help. While some folks have signed up to chair certain future events, several events will need a designated chairperson to run the show, plan the menu, and find volunteers, etc. The 2025 Events sheet will be on display at the clubhouse in 2025 for those who wish to volunteer to chair an event.

Volunteers are always needed to chair and work each event. Some categories of volunteers are: Chairperson(s) to manage and plan the event, Kitchen Helpers (food preparation), Food Servers, Sink Duty (cleaning pots, pans, utensils), Set-up & Tear Down. To volunteer, please call the chairperson in charge of the event if you're inclined to assist. Many hands makes for an easier job.

NEEDED – one or two people to chair the Sunshine Committee.

YOUR MOST VALUABLE ACCOUNT

You probably have an online account that many crooks would value even more than your bank account. Really!

Hacking into your e-mail account might actually provide them easy access to all your other online accounts – including your bank and/or investment accounts. But you already knew that – right?

You did know that already if you've been an Event Alerts subscriber for a while. That's because an Alert went out not that long ago, describing how a Bay Lake resident narrowly escaped being victimized by a crafty crook pretending to be an Xfinity employee. Yes, he was trying to con the resident out of his e-mail password!

BAY LAKE ESTATES

What exactly are the Event Alerts, you ask?

They are short e-mail “blasts” sent out whenever there are news items, announcements, events or activities you'd want to know about. The Bay Laker Newsletter is great, but like any printed information, it's pretty much out of date by the time you pick it up.

Alerts are the best way to stay on top of things at Bay Lake.

If you're not already a subscriber, becoming one couldn't be any easier. Just send Steve a request at: EventAlerts@SteveRollison.com

A brief “Please subscribe me,” along with your name, is all you need to send.

NEWSLETTERS

Home delivery of our monthly newsletter will end in May or June. Or, you may pick up a copy at the clubhouse on or after the 1st of every month. Stay informed – read the newsletter. Folks always try to attend an event at the last minute simply because they didn't know about it. If you don't read **this monthly newsletter** then this is on you.

You can always access past newsletters on-line at www.BayLakeEstates.org.

MIRACLES DO HAPPEN

STUCK IN SPACE - SPACE X – CREW 9 – 2024-2025

After an extended stay aboard the International Space Station, NASA's SpaceX Crew-9 astronauts Nick Hague, Suni Williams, and Butch Wilmore spoke at a news conference at 2:30 p.m. EDT in March, about one week, after landing off the coast of Florida, to discuss their mission in space and answer dozens of questions thrown at them by mostly media folks.

The Crew-9 team made their return to Earth in a SpaceX capsule on March 18, splashing down off the coast of Florida. Their 10 day space station visit turned into a **286 day stay** due to a malfunction with the shuttle's thrust engine.

According to all three astronauts their shuttle, STARLINER, designed and built by Boeing is perhaps the best shuttle ever built compared to their prior shuttle DRAGON. The Starliner has the ability to self-manuever or allow the astronauts to man the craft on their own.

The interview was taped and I watched the entire interview on U tube. Very interesting stuff, especially what they experienced.

Butch Wilmore, one of three astronauts on that flight was able to attend/listen to his church services in Houston, TX while in space.

Were they shaken by the delay to return to earth? Not at all. They trained for such an event.

WHERE TO DINE

CAJUN MASHED POTATOES - HOMEMADE

A few years back I suggested to folks to go to GOLD RUSH for some of the best fried chicken in the area. Then 2 or 3 years ago, for our Memorial Day lunch I featured POPEYE'S chicken along with mashed potatoes w/Cajun gravy & a biscuit served in individual boxes for convenience.

Since Gold Rush is around the corner, so to speak, I'll usually get a 2 piece fried chicken dinner, SERVED ONLY ON WEDNESDAY'S, along with 2 side dishes, one being their mashed potatoes.

Ahead of picking up my chicken dinner recently I made the Cajun gravy to replicate Popeye's Cajun gravy.

Very simple: Start by purchasing Pioneer brand Roasted Chicken Gravy in an envelope, found at Winn-Dixie, and follow the directions by boiling 1.5 cups of water. Using ½ cup of cold water stir in the chicken gravy mix with a whisk then sprinkle some of the Cajun seasoning into the gravy mix. When the water is hot pour the mix slowly into the boiling water and keep stirring until thick. Conduct a taste test by placing your finger in the hot gravy. Add more Cajun spice if desired. Real Cajun flavor. ENJOY!

THE AMERICAN PRESIDENT

Starring Michael Douglas, Annette Bening & Michael J Fox.

Since I own this DVD I'll watch this 1995 film about once a year. Why, you ask? Cause it's a blast

to watch.

The following is a short synopsis:

With the end of his first term in sight, widowed U.S. President Andrew Shepherd (Michael Douglas) knows that overwhelming public support will guarantee his re-election. But when he falls in love with lobbyist Sydney Ellen Wade (Annette Bening), Shepherd's supporters question the relationship, and his approval ratings drop. As a rival presidential candidate goes on the attack, Shepherd must choose between his political career and his love for Sydney.
